VOL. LIV OAKLAND, CALIFORNIA, WEDNESDAY EVENING, AUGUST 28, 1901 NO. 191

POLICEMAN CANNOT USE HIS CLUB.

HAS NO RIGHT TO BEAT AN INNOCENT MAN IN A CROWD.

Officer Was Fined in the San Francisco Police Court.

SAN FRANCISCO, Aug. 28.—Police Judge Cabaniss today fined Police Officer Knight $40 for beating James Madison, a striking water front employe. Madison was in a crowd of men on the water front and was clubbed by Knight who claimed it was necessary to use force to disperse the crowd. In his decision Judge Cabaniss said:

"The contention put forth here that an officer is vested with what has been termed by his counsel 'judicial power' or 'discretion'—'judicial discretion'—I cannot indorse.

"I think that a police officer is essentially a ministerial officer, and as such is vested by the law with ministerial powers and with ministerial powers only.

"The very theory on which our Government rests (and it runs throughout all the various subdivisions of the Federal Government) is that this Government—whether you consider it federally, with reference to State government or with reference to local government—is a Government of co-ordinate powers—the executive, legislative and the judicial; and that applies, as I have already intimated, just as much to the subdivision of a local government or a municipal government, commonly so termed, as to any other."

Madison is a marine engineer and he caused the arrest of Officer Knight on a battery charge, claiming that he had been brutally clubbed by the minion on Monday, August 12. At that time the police were contending with some unruly men on the water front, but Madison's witnesses testified that he had not been a disturber, and that when ordered to move on he had complied with all possible speed. He did not move fast enough and Officer Knight handled him roughly.

GOV. SAVAGE EXPLAINS PAROLE

Wanted to Give Former State Treasurer a Chance to Right a Wrong.

LINCOLN, Neb., Aug. 28.—The Republican State Convention, which meets this afternoon, may prove to be a harmonious body and it may be stirred as no convention has been for many years. All hinges on the length to which the opponents of the parole from the penitentiary of Former State Treasurer Bartley by Governor Savage, will go in their determination to criticise the action of the Governor. In a statement over his signature, Governor Savage said in part:

"I granted the parole with the understanding on my part that he (Bartley) was to proceed to reimburse the State and, in addition, was to render an accounting of the funds lost in banking which he was unable to recover. Hundreds of people of various political affiliations had petitioned me to grant, not a parole but a full and unconditional pardon, and among the petitioners were many of our oldest and most respected citizens, but I was unable to justify in my mind, such an act, and granted a parole for 60 days only, conditioned as above stated.

"I have give Mr. Bartley an opportunity to right the wrong and my action as regards the extension of further clemency in the premises shall be conditioned solely upon his compliance with my requirements as herein set forth."

The Governor's statement, although widely circulated, has failed to stop the movement looking to the introduction of a resolution questioning the wisdom of his action.

The canvass of the six leading candidates for the Supreme Judgeship was prosecuted with such energy during the morning hours that the fight is believed to have narrowed down to Judges Keysor of Omaha, Sedgwick of York and Davidson of Tecumseh.

For Regents of the University, with three to nominated, only three names are mentioned today—H. L. Geold of Ogallala present incumbent; C. J. Ernest, of Lincoln, and R. S. Rising of Ainsworth.

It was 2:35 o'clock when State Chairman H. C. Lindsay called the convention to order. He introduced as temporary chairman Judge Benj. S. Baker of Omaha, who made an extended address.

STEAMER BLOWS UP ON THE DELAWARE RIVER.

TEN PEOPLE ARE KILLED AND TWENTY-FIVE ARE SAID TO BE WOUNDED—FIRE BOATS ARE SENT TO THE RESCUE.

PHILADELPHIA, Pa., Aug. 28.—A telephone message says the boilers of the river steamer City of Trenton, blew up off Torresdale, Pa., fifteen miles north of here, this afternoon. The steamboat carries passengers and freight on the Delaware between this city and Trenton.

A dispatch from Burlington, N. J., says the City of Trenton is burning in the river. All of the police and fire boats have been sent from Philadelphia to her assistance. Hospital ambulances and the municipal emergency corps have also been sent up the river.

Reports to police headquarters say it is known that three lives were lost and it is believed the loss will greatly exceed that figure.

LATER REPORT.

A dispatch received at police headquarters says the steamboat which exploded is the Quaker City, which carries freight and passengers between Philadelphia and Torresdale.

The report says three persons were killed outright by the explosion, seven were drowned in the river and 25 were injured.

All of the injured were taken on police boats and other river craft to the Philadelphia House of Correction, which is located on the bank of the Delaware near the scene of the accident, and cared for there.

An alarm of fire was turned in from one of the suburban station houses and Philadelphia firemen and policemen were soon on the scene. The boat is still burning.

TURKS ARE PREPARING TO GO TO WAR WITH FRANCE

VIENNA, Aug. 28.—The "Tageblatt" to-day publishes mail correspondence from Constantinople which says the Sultan will go to war rather than yield to unreasonable demands, that he is studying plans for defense, and that he has ordered three hundred guns from Germany.

OFFICIALS NOT DISTURBED BY ABSENCE OF REPORTS.

U. S. Gunboat Machias Arrives at Colon and Finds Things Quiet.

WASHINGTON, Aug. 28.—No logical advices have been received respecting the insurrection in parts of Colombia and Venezuela since the brief report of the arrival at Colon of the gunboat Machias, but the officials are not disturbed by this absence of reports.

It may be stated in view of the report that our government intends to intervene, that the government will adhere strictly to its well-established rule of non-intervention. Nothing but an interruption of Isthmian traffic which the United States is pledged to keep open, or a threatened injury to American interests could induce the government to interfere.

Fortunately the Asphalt controversy is not now an active factor which would promise to sharpen the issue between the United States government and thus complicate the differences arising out of the insurrectionary disturbances in Colombia and Venezuela.

MINISTERS DECIDE TO ACCEPT CHINESE EDICT.

British Minister Wanted to Return Document to the Emperor.

PEKING, Aug. 28.—Later in the day it was announced the Ministers had decided to accept the edict but to omit the first paragraph in publishing it as part of the appendix to the protocol.

It is understood that the British Minister, Sir Ernest Satow, proposed to return the edict to the Chinese Peace Commissioners as unsatisfactory, but the proposal failed. Several of the diplomats, including Mr. Rockhill, opposed this feature of the protocol. Among their reasons was that it was impossible of enforcement and that it was illogical, while insisting that the Chinese government maintain order to deprive it of the means of so dong. Whereas a month ago the Chinese Commissioners were importuning the Ministers to conclude the negotiations, it is now the Ministers who are daily visiting Li Hung Chang on a similar errand. Several of the Ministers expect to be transferred to more pleasant posts at the conclusion of their labors and all are wearied with the confinement in Peking during the tropical months.

BRITISH GOVERNMENT SAYS DEATH WILL BE PENALTY

LONDON, Aug. 28.—A dispatch from Lord Kitchener, dated from Pretoria, August 25th, says:

"Sworn evidence has been brought to my attention that on June 26th Lieutenant Mair of the New South Wales Artillery, and Privates Harvey and Blunt, were shot down after surrendering at Graspan, near Reitz. I have forwarded to Steyn and Botha copies of these statements.'

The War Office has telegraphed to Lord Kitchener as follows:

"We understood you have not yet received satisfactory assurances respecting the murder of our wounded at Vlakfontein. In view of the occurrences referred to in your telegram of August 25th, we are of the opinion that you should notify by proclamation that the members of any commando by which such an outrage is committed who may be captured and after trial proved to have been present on such occasion, will be held guilty whether they actually committed the deed or not, that the leader of the commando will be sentenced to death, and that the other members will be punished with death or less, according to the degree of complicity."

GIVEN EIGHT YEARS IN SAN QUENTIN.

STOCKTON, Cal., Aug. 28.—Sam Sharp, who pleaded guilty to the charge of assault to murder James Way, a stableman, was this morning sentenced to eight years in San Quentin. Sharp fired four shots at the stableman because of a dispute about wages. Way was wounded in the groin, but recovered. Mrs. Sharp sobbed bitterly when judgment was pronounced.

LEGAL BATTLE FOR A LARGE ESTATE.

EASTON, Pa., Aug. 28.—A legal battle has begun here for the possession of the $150,000 estate of John Gould, near Seattle, Wash. R. W. Ruffin, a Seattle lawyer, has instituted habeas corpus proceedings to compel Hon. Howard Hartzell, a former Mayor of Easton and executor of the estate, to produce Edward C. Bruce, a grandchild of Gould, and an heir. It is claimed by Mr. Ruffin that Hartzell, who is now in Seattle, has young Bruce confined in Easton and that an effort is being made to deprive him of his rightful share of the Gould estate.

John Gould went West from Easton during the gold craze of '49 and struck it rich.

ARRIVAL OF THE BUFFALO.

GREENOCK, Aug. 28.—The United States training ship Buffalo, Commander Charles T. Hutchins, which sailed from New York, July 17th on a cruise, has arrived here.

PIONEER MANUFACTURER DEAD.

YOUNGSTOWN, Ohio, Aug. 28.—Lloyd Booth, a pioneer iron manufacturer and President of the Lloyd Booth Plant of the Union Engineering Foundry Compay of this city, died today.

SAYS C. M. HAYS HAS NOT RESIGNED.

ST. LOUIS, Mo., Aug. 28.—The Post-Dispatch today says:

A telegram from Chas. M. Hays, President of the Southern Pacific Railway, to a St. Louis friend, announces that he has not yet resigned his position as President of the road and that at present he has no idea of doing so.

PROMINENT NAVAL MEN ON LIST.

WILL TESTIFY AT THE SCHLEY HEARING TO BE HELD NEXT MONTH.

Officers Who Took Part in the Santiago Campaign Are Summoned.

WASHINGTON, Aug. 28.—The list of witnesses prepared by Captain Lemley, Judge Advocate of the Schley Court of Inquiry, and transmitted to Admiral Schley yesterday, was made public by Captain Lemley today. It does not purport to be a complete list, but includes the principal witnesses who will be called by the Judge Advocate. The witnesses whom Admiral Schley has asked to be summoned are not included in the list. The list is as follows:

Rear Admirals—William T. Sampson, Robley D. Evans, Francis J. Higginson, Charles S. Cotton, Henry C. Taylor.

Captains—French E. Chadwick, Casper F. Goodrich, Charles D. Sigsbee, William C. Wise, Francis A. Cooke, John H. McCalla, Theodore F. Jewell, William M. Folger, Robert M. Berry, John L. Hannum, retired.

FRENCH FLAG HAULED DOWN.

Will Not Go Up Again Until the Sultan Comes to Time.

CONSTANTINOPLE, Aug. 28.—The French flag was hauled down from over the Embassy of France after the departure of the Ambassador, M. Constans, and it will not be hoisted until diplomatic relations are restored. The staff of the Embassy remains here but there is no Charge d'Affaires. The French Consuls in Turkey have been directed to continue to protect French interests.

Besides the immediate causes of the disagreement, it is pointed out that constant difficulties were placed in the way of French commercial interests in Turkey which contributed to M. Constans' resolution. All the Embassies complain of vexatious interference with trade.

WILL NOT ACCEPT THEORY OF DR. KOCH.

CHICAGO, Aug. 28.—Dr. Arthur P. Reynolds, Health Commissioner of Chicago, has returned from England, where he had attended the sessions of the British Congress on Tuberculosis, at which Dr. Koch expounded his tuberculosis theory.

Whether the tests which are to be made of Koch's theory that animal tuberculosis is not communicable to human being succeeds or not, according to Dr. Reynolds, the inspection of anials by the Health Department will continue, and those infected with tuberculosis will be condemned and disposed of as before.

"So long as I am Health Commissioner," said Dr. Reynolds, "the rigid inspection will continue. Animals infected with tuberculosis will be disposed of."

WEALTHY SHEEP MAN DRAGGED TO DEATH.

RED LODGE, Mont., Aug. 28.—Farquhar Gillies, a wealthy sheep man, was dragged to death by a frightened horse on the range near his ranch. He was leading the horse by a rope having a slip knot fastened to his arm. The horse became frightened and started off at breakneck speed, the rope becoming tangled so that Gillies could not lose it. He was dragged 500 yards over the rocky ground and when finally rescued was terribly cut and bruised. He never regained consciousness. He owned about 10,000 sheep and a large area of land.

NEGRO FIEND PURSUED BY AN ANGRY POSSE.

MURDERED HIS VICTIM IN COLD BLOOD—WILL BE BURNED AT THE STAKE JUST AS SOON AS HE IS CAPTURED.

KANSAS CITY, Mo., Aug. 28.—A special to the Star from Warrensburg, Mo., says:

One of the most dastardly crimes ever committeed in the borders of Johnson county was perpetrated last night at the little hamlet of Columbus, off the railroad sixteen miles north of here. Miss Mary Henderson, aged 40 years, was murdered in cold blood by Will Francis, a 22-year-old negro, after he had assaulted her. The crime was committed at the farm house of Chap Hyatt, Miss Henderson's brother-in-law, a prominent citizen and once a member of the State Populist Committee. Francis, who worked on Hyatt's farm, fled, but is believed to have been surrounded in the woods near Holden. The whole country is up in arms and it is believed that the negro will be burned at the stake.

Bullet in Her Skull.

Miss Henderson was a member of one of the best families in the country and made her home with her brother-in-law. Mr. and Mrs. Hyatt had gone away in the afternoon, leaving Miss Henderson alone in the house, except for Francis, who has been trusted for ten years. On their return about 10 o'clock in the evening they came upon the body in the yard.

A bullet had pierced the skull, just above the left ear; black marks were upon the throat and signs of a desperate struggle were apparent. The alarm was given immediately and the Sheriff at Warrensburg notified. A posse of determined men left for Columbus a few minutes afterward.

Made His Escape.

Francis had fled before the deed was discovered and thereby proclaimed his guilt. Surrounding counties were notified and this morning a message came from Independence saying that a negro answering the description was being held there. A deputy was sent to Independence to identify him.

One negro at Sedalia who answered the description came near being lynched but escaped by intervention of the officers.

All of the negroes of the county are badly worked up and are keeping close to their homes in fear of the whites, who are wrought up to a high pitch of excitement. Francis shot a horse, which was standing in the yard, presumably to prevent its being used to follow him.

Surrounded in Woods.

Information comes from Holden to the effect that Francis has been surrounded in a dense wood near there. That he will be burned at the stake upon sight there is not the slightest doubt. A special from Odessa, in the next county north from Johnson, says that it is believed Francis is near there.

Miss Henderson, it appears, lived long enough to tell the Hyatt family on their return of the assault and to make it plain that Francis was the assailant. The whole country around Odessa is up in arms, aiding in the search for Francis.

WIDOW OF BRIGHAM YOUNG PASSES AWAY.

She Was a Pioneer in the Mormon Movement in the Utah District.

SALT LAKE, Utah, Aug. 28.—Mrs. Zina D. H. Young, widow of the late President Brigham Young of the Mormon Church, died today, aged 80. Mrs. Young was stricken with paralysis a few days ago while visiting her daughter near Great Falls, Mont.

Mrs. Young was born at Watertown, N. Y., in 1821, and was one of the pioneers in the Mormon movement, following the small band across the continent to the Valley of the Salt Lake. She was married to Joseph Smith at Nauvoo, Ill., and after his death became the wife of President Brigham Young. She had for years been prominent in church work. There are now but four surviving widows of the famous Mormon leader.

TELLS OF TAX ON PORTO RICO ARTICLES.

WASHINGTON, Aug. 28.—Commissioner of Internal Revenue Yerkes, in an amendment to a recent circular, relative to articles of merchandise brought from Porto Rico, states that such articles as are subject to an internal revenue tax when brought to the United States for consumption, may be reshipped to a foreign port without the payment of the tax. Due notice, however, should be filed by the consignees with the Collector of Customs before the articles are placed on the foreign-bound vessel giving the name of the vessel and the port to which bound.

ONE THOUSAND GO OUT ON A STRIKE.

CHICAGO, Aug. 28.—All departments of the W. B. Conkey Company printing plant at Hammond, Ind., except the composing room, were closed today. Over 1,000 employes of the company are now out on strike. Strike headquarters have been established and today in open defiance of Judge Baker's injunction men and women were doing picket duty and working to keep away non-union workmen. No violence as yet has been attempted, but no attempt has been made to enforce the injunction against the pickets.

FILES A CONTEST.

WASHINGTON, Aug. 28.—Mrs. Edna McPherson Muir, daughter of the late United States Senator of New Jersey, today filed a contest of the will of her mother in the Probate Court of this city. She alleges undue influence on the part of the beneficiaries under the will.

ALL REPORTS OF SETTLEMENT ARE DENIED.

COMMITTEE ON MEDIATION HOLDS A SHORT INFORMAL SESSION.

Pacific Mail and Oceanic Steamship Say They Have Plenty of Men.

SAN FRANCISCO, Aug. 29.—There was little change in the labor situation today.

Rumors of settlement and reports of attempts at mediation were in circulation, but no one could make positive statements as to what was being done.

The Committee on Mediation appointed by the Board of Supervisors considered the situation informally, but took no action of a definite character. Business on the city front was reported unchanged, with plenty of men offering their services at the various docks.

All reports on an approaching settlement were denied at labor headquarters and by the representatives of the employers. The general belief was expressed that there would be no settlement until all the resources of one side or the other had been completely exhausted.

At the docks of the largest steamship companies the amount of business transacted is steadily on the increase. The Pacific Mail Company and the Oceanic Steamship Company report that the difficulty of obtaining men has been practically overcome and that stevedores and freight handlers are daily applying for work. The Mail Company has withdrawn its bonus of a dollar a day offered to non-union men.

HEAVY RAINS PREVENT OPERATIONS AT SAMAR.

Americans Have a Brush With the Filipinos and Two Are Wounded.

MANILA, Aug. 28.—Owing to the heavy rains, active operations against the insurgents in the Island of Samar have been temporarily suspended.

Captain Harry C. Hale, with a detachment of the Twentieth Infantry, has been engaged with Gonzales in Batangas province. It was at first thought that Malvar, the insurgent leader in that district, was present. The insurgents fled. A few Filipinos were captured and two Americans were wounded.

ARRIVAL OF THE HANCOCK.

SAN FRANCISCO, Aug. 28. — The United States Transport Hancock arrived here today, twenty-two days from Manila. She brought 1,200 soldiers, 62 cabin passengers. One death occurred during the voyage.

SUSPENDS TREASURER OF STATE OF MISSISSIPPI.

Governor Could Not Locate the Cash and Took Prompt Action.

JACKSON, Miss. Aug. 28.—Governor Longino signed a document today suspending State Treasurer J. R. Stowers and appointing Hon. G. W. Carlisle temporary Treasurer. Mr. Stowers in his statement given out last Friday said that the $107,000 missing and unaccounted for when the Governor counted his cash on August 15th, was deposited in banks by his cashier, Mr. Reiford, under his (the Treasurer's) direction, which is forbidden by law. All the banks of Jackson having denied that they had any of this money on deposit, the Governor last night wrote Mr. Stowers for a complete statement in writing as to where the deposits were made and all things connected with the transaction. The Governor required an answer by 9 o'clock this morning. At 11:15 today the Governor received a reply from the Treasurer, the contents of which have not yet been made public.

Result of the Annual Inspection Given Out at Stockton.

STOCKTON, Cal., Aug. 28.—The results of the annual inspection at Santa Cruz in June of the nine companies composing the Sixth Regiment, National Guard of California, have just been received by Colonel Johnson at the Brigade headquarters in Stockton.

Company A of Stockton heads the list with an average of 90.86 per cent; Company D of Modesto being next with an average of 88 2-3. The averages are as follows:

Company A of Stockton, 90.86; B of Stockton, 82; C of Fresno, 82 2-3; D of Modesto, 88 2-3; E of Visalia, 85.04; F of Fresno, 85 7-9; G of Bakersfield, very good (no figures given); H of Merced, 79 1-3; I of Hanford, 84⅓.

Field, staff, band and non-commissioned staff was given as good.

PLEADS BANKRUPTCY AS CAUSE FOR DEFENSE.

Alfred H. Cohen Makes a Novel Plea in a Suit for Damages.

Judge Greene this morning granted Alfred H. Cohen permission to file a supplemental answer to the $20,500 damage suit of Ivy L. Borden, pleading insolvency as a bar to the action.

The matter was argued at length by Attorney George W. Reed for the defendant and by Attorney Everett Ames for the plaintiff before the motion was finally granted.

Borden and Cohen, while driving in buggies in Alameda on May 23, 1898, had a collision. Borden was thrown to the ground and his right leg was broken in two places. He alleges that Cohen intentionally drove into his cart and drove over him after he had fallen to the ground.

Cohen claims that Borden attacked him with a whip and that the upsetting of the latter's cart was accidental. Cohen was declared bankrupt in the United States District Court on April 29, 1899. He claims that this proceeding should clear him from all liability to Borden.

WERE INJURED IN A RUNAWAY ACCIDENT.

FRANKFORT, Ky., Aug. 23.—In a runaway accident on the Versailles Pike about two miles from Frankfort today Mrs. Sd Porter Thompson, the wife of the well-known writer and historian, was injured internally and her grandchild, Elliott Orr, had his skull crushed and is not expected to live.

Edmund Orr, another grandchild, is injured internally and will probably die. Miss Kate Thompson, a daughter of Mrs. Thompson, had her leg broken and sustained internal injuries. Miss Una Suddub was badly bruised.

FUNERAL OF WILLIAM ENNIS HELD TODAY.

The funeral of William C. Ennis, the fireman who died from suffocation while in the performance of his duty Sunday evening, during the destruction of the home of James Wesley at 2130 Chestnut street by fire, was held this afternoon. The interment took place in Mountain View Cemetery.

A large number of friends and acquaintances attended the funeral, including delegations from the Court Advocate, No. 7578, Oakland Tent No. 17, Knights of the Maccabees, and from the Fireman's Relief Association, of which the deceased was a member.

The local firemen, many of whom could not attend the funeral on account of their duties, sent several large floral tributes.

SCHLEY'S ATTORNEYS.

WASHINGTON, Aug. 28.—It is stated here on authority that Messrs. Wilson, Raynor and Parker constitute all the legal aid to be employed by Admiral Schley in the approaching Court of Inquiry.

FIRE AT NEW ORLEANS.

NEW ORLEANS, La., Aug. 28.—Fire in Monroe today gutted the Monroe Mercantile Company's dry goods house. The company carried a stock worth $50,000; insurance $35,000. A number of adjoining buildings were damaged.

MORE BRITISH TROOPS.

LONDON, Aug. 28.—A special dispatch from Shanghai says the British authorities at Peking have telegraphed for more British troops.

HANCOCK BACK FROM PHILIPPINES

Congressman Hull Made a Study of Conditions in the Islands.

SAN FRANCISCO, Aug. 28.—The Hancock arrived from Manila today.

The Hancock's most distinguished passenger was Congressman J. A. T. Hull of Iowa, his wife and daughter. Congressman Hull is chairman of the House Committee on Military Affairs and for ten years has been one of the most prominent men in Washington. It was under his direction that the bill for the enlistment of volunteers was drafted two years ago, and last year it was largely through his efforts that the regular army was reorganized and enlarged.

When Congress adjourned last summer Congressman Hull went to the Philippines to make a study of the military conditions of the islands. He gave nearly three months to his investigations and now returns one of the best informed men on Philippine affairs in Congress. Congressman Hull will remain here several days.

The Hancock brought nearly 1,000 men and officers of the Fourth Cavalry. The Fourth has been in Manila since the war broke out and has been sent home for a much needed rest. The other troops, for which there was not room on the Hancock, will come on other transports. It is understood the Fourth will be sent East for duty. Philip Masicot, a private in the Fourth Cavalry, died on the voyage to this city. He was buried at sea.

FUNERAL OF THE LATE W. F. B. LYNCH.

Many Floral Tributes Were Sent by Friends in San Leandro.

SAN LEANDRO, Aug. 28.—The funeral of Professor W. F. B. Lynch who died at San Leandro Monday was held this afternoon at 1:30 o'clock from the First Presbyterian Church. Rev. James Anderson officiated. The interment was in the Centerville Cemetery.

Many baskets and pillows of flowers were sent by the friends of the deceased. Some of the floral pieces were placed upon the casket, while the larger pieces were placed around the bier.

The offering of the children of the deceased was a large floral pillow in which the word "Father" was woven in flowers. Other pillows were presented by Mr. and Mrs. J. N. Frank, Mrs. A. C. Peachy, the teachers of the Union School and others.

Appropriate music was sung during the services. From the church a large funeral cortege accompanied the remains to their last resting place. Several of the teachers with whom Professor Lynch had been associated during his lifetime, were in attendance.

The pall-bearers were the three sons, O. J. Lynch, Dr. W. F. Lynch, and H. W. Lynch, H. F. Eber, the brother-in-law, Harry Eber and Ferdinand Eber, nephews.

CANNOT RACE THE AUTOS IN PROVIDENCE.

PROVIDENCE, R. I., Aug. 28.—Judge Wilbur, in the Appellate Division of the Supreme Court today granted an indefinite extension of the injunction issued last week against the racing of automobiles on Ocean avenue. The races which had been planned for Friday next over Ocean avenue will be held on that date on the one mile track at Aqueduct Park, four miles from the city.

BOARD OF WORKS MEETING.

The Board of Public Works held a regular meeting today.

The resolution authorizing the Superintendent of Streets to put on a crew of six men to patch macadamized streets was laid over.

The following demands were allowed: One demand of $69 against the general fund; six demands aggregating $262.20 against street fund, twelve labor demands aggregating $706 against sewer fund.

The claims of the following were referred to the Council for ratification: A. R. Savage & Co., $15; Pierce Hardware Co., $11.60.

SUPERINTENDENTS ARE NAMED.

The Oakland Transit Company issued the following orders today:

J. S. Potter will be superintendent of all lines from the Temescal and Grove street car houses. These stations will include the Telegraph and San Pablo lines. Grove street, Sixteenth street, Piedmont and Fourteenth street. It will be known as the Western Division.

S. B. McLenegan will be superintendent of the Alameda, East Oakland and Elmhurst car stations. This takes in the Haywards main line and all branches, Alameda main line and branches, California Railway, West Twelfth street and Mountain View lines. This will be known as the Eastern Division.

WOULD NOT CARRY OUT COUNCIL'S REQUEST.

Police Commissioners Decline to Detail a Police Officer to Watch Two Saloons.

When the question of appointing a regular officer to watch the two Twelfth street resorts, the Palm Garden and the Cafe Bohemia in accordance to the Council resolution came up for consideration at the meeting of the Fire and Police Commissioners this morning, it was dismissed rather abruptly but not before Mayor Barstow and Commissioner Johnson passed a couple of caustic remarks upon the resolution and its provisions. The resolution was ordered filed.

Mr. Johnson said: "When a saloon is conducted in such a manner as to require the special supervision of a regular police officer, it is time that the saloon has its license revoked. It seems to me that it is rather a remarkable request that the Council has made. The provision that those two saloons be compelled to pay the wages of the regular officer is certainly a queer arrangement.

Mayor Barstow was of a similar opinion. He said: "It would require a thousand policemen to do duty as suggested by the resolution. When a public drinking house requires the sole attention of a specially appointed officer it is time that the Council revoke its license. I move that the resolution be placed on file."

The motion of Mayor Barstow was carried unanimously.

DEATHS REPORTED.

Dennis McCarthy, aged 60, died at the County Infirmary of pneumonia on August 26. The deceased was a native of Ireland. W. A. Clark was the attending physician. The funeral was held this afternoon. The interment took place in St. Mary's Cemetery.

Wm. C. Ennis, age 52, died August 24 at corner of Chestnut and Thirty-fourth streets, while in the discharge of his duty as a fireman, of fatty degeneration of the heart. The deceased was a native of Connecticut. The funeral was held this afternoon. The interment took place in Mountain View Cemetery.

Miss Maggie McConnell, aged 31, died at 919 Chester street on August 26 of internal hemorrhage. The deceased was a native of Iowa. The funeral was held today. The interment took place at Mountain View Cemetery.

Clara E. Jerome, aged 51, died August 27 at the Fabiola Hospital of pneumonia. Sarah I. Shuey was the attending physician. The deceased was a native of Indiana. The funeral will be held tomorrow. The remains will be sent to the Odd Fellows' Crematory in San Francisco.

Ruth Elizabeth Ash, aged 6, died at 1010 Twenty-sixth avenue August 26 of scarlet fever. M. H. Chamberlain was the attending physician. The deceased was a native of Oakland. The funeral was held today at 2 o'clock. The interment took place in Mountain View Cemetery.

FORMER PARTNERS ARE DISPUTING OVER MONEY.

The suit of Edward E. Fowler to recover $400 from J. A. Hackett on a promissory note was on trial today before Judge Greene.

In 1897 Fowler and Hackett owned a boat that was used to carry produce. In August of that year Fowler sold his interest to Hackett for $400. The latter was to pay the money as he earned it from the proceeds of the business. The business, however, did not pay and Hackett claims that Fowler interfered with the operation of the boat. On these grounds, Hackett claims that he does not owe Fowler anything. W. H. H. Gentry and Thomas Pearson represent the plaintiff and F. W. Sawyer the defendant.

WOMAN RUN OVER BY BUGGY ON BROADWAY.

While walking across Broadway at Ninth street this morning Mrs. Mary Kelly of 826 Franklin street was run over by a buggy. She sustained a wound o nthe back of her head and some other minor lacerations. She was removed to the Receiving Hospital for treatment, but as the doctors were at that time engaged on another case, her nephew, Hiram A. Lutrell, removed her to her home and called in a physician.

Some time ago Mrs. Kelly sat on a chair on the sidewalk and refused to allow the employes of the Electric Light Company to dig a hole to erect a pole. The hole was dug after Mrs. Kelly retired for the night.

CARD INSPECTION CAUSE OF DISCUSSION.

HAZLETON, Pa., Aug. 28.—Consideration of the card inspection consumed the entire morning session of the United Mine Workers' convention and it is likely to be the only matter to receive attention for the remainder of the day.

President Mitchell refused, when the convention adjourned at noon, to say whether any coal companies except the Delaware and Hudson and the Lehigh and Wilkesbarre had been reported by delegates today as opposing the custom.

DEATH OF MRS. WEBSTER.

Emma Webster, widow of the late Captain Daniel Webster, aged 60 years, died at her home, 819 Twenty-first street, today.

ALL TRAINS ARE TIED UP.

Railroad Employes Did Not Get Wages and Went on Strike.

ALTOONA, Pa., Aug. 28.—The employes on the Pittsburg, Johnston, Ebensburg & Eastern Railway, have all gone on a strike and traffic on the road is a a standstill.

Alleged failure on the part of the company to pay the employes their salaries is the reason given for the tie up.

Eight passenger and freight trains are on the schedule.

The large number of people stopping at the summer resort hotels and cottages along the line are placed at great inconvenience.

PERJURY OF DAUGHTER SAVED THE FATHER.

Charles Colombal Saved From Punishment by Daughter's Evidence.

Charles Colombal, the brewery wagon driver, accused of beating his wife and stepdaughter, was found not guilty owing to a lack of witnesses for the prosecution.

Judge Smith took occasion to lecture pretty Miss Murat, the stepdaughter, on the enormity of the offense of testifying falsely under oath. The young lady said yesterday on the witness stand that the ugly scar on her forehead was the result of her accidentally running into a cup thrown by her father. Judge Smith disagreed with the testimony of the young miss to such an extent that he called attention to the apparent perjury committed by the witness and said that steps should be taken to warn future witnesses that perjury, even for a father, cannot be committed with immunity from punishment.

Patrolman McKeegan testified that Colombal had the reputation of nearly killing his wife and daughter when he was in his cups, and that on the night of the arrest he had seen Miss Murat, and that her forehead was bleeding profusely from the cut alleged to have been given by Colombal while in a fit of anger.

Colombal attempted to escape by running away from his home, but the cries of the neighbors brought Patrolman McKeegan to the scene. He caught Colombal a few blocks from the scene of the alleged battery on Jackson street near Sixth street.

BREAK IN THE STRIKE AT PITTSBURG.

PITTSBURG, Pa., Aug. 28.—There was a break in the strike at the McClintock-Marshall Company's works at Rankin today, 150 men of the 700 who quit yesterday returning to work. A number of new men were also taken on. The company granted the riveters an increase of five per cent and the laborers were advanced 12 1-2 cents per day.

The works were in partial operation today. The trouble has no connection with the steel workers' strike.

WAGE COMMITTEE IS HOLDING CONFERENCE.

PITTSBURG, Pa., Aug. 28.—The wage committees, representing the Flint Glass Workers of America and the manufacturers of Flint glass, are in conference here today. The glass-workers have asked an increase of five per cent over last year's scale. The chances of trouble growing out of the conference are remote, as it is expected an amicable agreement will be reached.

MANY SUITS ON ACCOUNT OF ISLANDER WRECK.

SEATTLE, Wash., Aug. 28.—Nearly two score of cases against the Canadian Pacific Navigation Company in connection with the wreck of the steamer Islander, have been instituted for damages, loss of life, property and injury to health. The cases will be presented in the United States Court, which is presumed to have jurisdiction. The cases involve only those who were citizens or natives of the United States.

GALLANT ACT OF JUSTICE JAMES LARUE.

For the first time during his experience in uniting couples in marriage, Justice of the Peace James Larue last evening had the pleasure of kissing a colored bride.

Shortly before 5 o'clock yesterday afternoon Manuel Clement Fernando and Levie A. Scruggs called at the County Clerk's office and obtained a marriage license. Justice Larue was summoned to perform the marriage ceremony. Deputy County Clerks Frank Browning and George S. Pierce acted as witnesses. After the ceremony was concluded the bride waited for a moment and then said: "Is it not customary to kiss the bride?"

Judge Larue was somewhat abashed for a moment. Then he gallantly stepped forward and touched his lips to the cheek of the bride. While this formality was being observed Pierce and Browning quietly left the room to attend to the closing of the office.

Before the ceremony the bride-elect was quite communicative. "I told Clement all day that I would not marry him," she said, "but he coaxed so that I just had to give in. Now I am glad we are to be married."

BRUNING EXPLAINS HIS ABSENCE FROM COURT.

After the new panel of trial jurors was called in court yesterday, Juror F. H. Bruning left the Court House without having been excused by Judge Melvin. His absence was discovered when the jurors were called for the case of Thomas Boylen. Judge Melvin had word sent to Bruning that if he did not appear in court the Sheriff would be sent after him.

Bruning came into court today to explain his absence. He said he understood the court to say that he could go home. The mistake came about during Bruning's examination when he offered an excuse for not serving on the panel. He said he was a traveling man and could not well leave his business. Judge Melvin told him he had better let his business go and stay home and rest for a time. Bruning took this remark to mean that he could go home and he went.

MONEY IN THE SAVING BANKS.

SAN FRANCISCO, Aug. 28.—From August, 1900, to August 17, 1901, the net increase in deposits at the nine savings banks of this city amounted to no less than $7,457,541.79. This is shown on the statement issued today by the State Bank Commission, giving the financial condition of the nine city savngs banks at the close of business on August 17 last.

On August 11, 1900, the amount reported by the Bank Commissioners as due depositors by these banks was $120,480,927.70. This year the deposits are quoted at $127,938,469.49, as above, showing the substantial gain of $7,457,541.79.

The loans on real estate for the year 1901 aggregate $62,943,235.67, against $62,432,482.17 in 1900, a gain of $510,753.52 for the year ended August 17 last.

A heavy increase of investments in stocks and bonds is reported for the year, the total figuring up $53,692,383.80, against $53,037,894 in 1900, a net gain for the year 1901 of $6,654,489.20.

PROMINENT NAVAL MEN ON LIST.

(Continued From Page 1.)

H. Harlow, Charles W. Dyson, Kenneth McAlpine.

Captain William C. Dawson, U. S. M. C.

Lieutenant Junior Grade, Ernest L. Bennett.

Ensign Henry G. Austin.

Acting Boatswain Dennis J. O'Connell.

Chief Quartermaster Nielson Anderson, and others.

called by the Judge Advocate throws considerable light upon the lines of testimony which he will seek to adduce before the court. Admiral Sampson, as commander-in-chief of the fleet, of course, heads the list.

Then follow the captains of all the ships engaged in the Santiago campaign with the exception of Captain Clarke, of the Oregon, and Captain Phillip, of the Texas, the latter having died since the war. Evans was in command of the Iowa; Higginson of the Massachusetts; Cotton of the Harvard, Taylor of the Indiana, Chadwick of the New York, Goodrich of the Newark, and the scout St. Louis; Sigsbee of the St. Paul, Cooke of the Brooklyn, McCalla of the Marblehead, Jewell of the Scout Minneapolis; Folger of the New Orleans, and Barry of the Castine.

Hannum (retired) was Chief Engineer of the Brooklyn; Commander Potter was the executive officer of the New York, Wainright was in command of the Gloucester, Eaton of the Resolute, Mason, executive officer of the Brooklyn; Schroder, executive officer of the Massachusetts; Harber, executive officer of the Texas; Miller, commander of the Merrimac; Hillner, Navigator of the Texas, and Bates, chief engineer of the Texas. Lieutenant Staunton was Sampson's chief of staff aboard the New York; Usher was commander of the Ericeson; Grant was aboard the Massachusetts; Hodgson was navigating officer of the Brooklyn; Southerland was in command of the Dolphin; Schuetz was aboard the Indiana, Potts aboard the Massachusetts and Sharp was in command of the Vixen. Captain Dawson was commander of the marines aboard the Indiana. Lieutenant Marsh was on Sampson's staff; Wood was commander of the torpedo boat Dupont; Blue was aboard the Vixen; Doyle and Webster were on the Brooklyn; Hood was in command of the Hawk; Harlow was executive officer of the Vixen; Dyson was engineer of the Texas; and McAlpine Assistant Engineer of the Brooklyn; Lieutenant Bennett was on Sampson's staff; Ensign Austin was on board the New York, and Boatswain O'Connell and Quartermaster Anderson were on the Brooklyn.

Edgar May, a clerk in the office of the Judge Advocate General, has been detailed to assist Judge Advocate General Lemley in the preparation and handling of papers before the court. Although not an assistant to Judge Advocate General Lemley in a technical sense, he will actually act in that capacity so far as the handling of the official papers required by the Judge Advocate in the formal presentation of his case.

It is regarded as extremely probable that an Assistant Attorney-General will be assigned to assist Judge Advocate Lemley in looking after the interests of the Navy Department before the court, but so far no selection has been made. Captain Lemley has expressed his willingness to conduct the case without assistance, but the officials of the Navy Department have practically concluded that he should have the aid and co-operation of an officer of the Department of Justice learned in the intricacies of legal practice.

WHEAT FELL ON HIM AND BROKE HIS LEG.

John Allen of 813 Clay street had his right leg broken above the ankle this morning by having a truck load of wheat fall on him. He had just Mills this morning. He was treated Mills this morning. H cwas treated at the Receiving Hospital by Drs. Stratton, Ewer and McRae.

COMMISSIONERS WILL SEND SUBSTITUTE OFFICER.

The Police and Fire Commissioners this afternoon decided to send a substitute police officer to watch the Palm Garden and Cafe Bohemia saloons instead of a regular officer as called for in the Council resolution. The saloons will pay the salary of the officer.

POLICE COMMISSIONERS HOLD A MEETING.

Resolutions of Respect to the Memory of Fireman Ennis Are Passed.

At a meeting of the Police and Fire Commissioners this morning the following resolutions of respect were read and adopted in reference to the death of Fireman William C. Ennis, who met death in the discharge of his duty:

"Whereas, the Almighty in His infinite wisdom has removed from our midst William C. Ennis, steward of Chemical Engine No. 2, of the Oakland Fire Department, who departed this life Saturday, Aug. 24, 1901, while in the discharge of his duty; and

"Whereas, We feel that the Fire Department of the City of Oakland has lost a brave and efficient member thereof, whose loss we deeply deplore: therefore be it

"Resolved, That the Board of Police and Fire Commissioners express to the family of the deceased its heartfelt sympathy and condolence in their hour of bereavement; and be it further

"Resolved, That a copy of these resolutions be transmitted to the family of the deceased and be spread in full on the minutes of this Board."

A communication was received from D. D. Hayes, stating he was the sole owner and patentee of a lever device for lowering and raising fire ladders. The device is being used in San Francisco, Oakland and other cities, according to Hayes, and he wishes to sell his rights, past present and future, to the city of Oakland for $250. By this means the city will obviate, Hayes says, expensive law suits for infringement of atents. The communication was referred to the Council for action.

The application of W. J. Benton for the position of extra man in the Fire Department was filed.

Demands were allowed as follows: Eight demands aggregating $23.25 against police fund; fifteen demands aggregating $805.86 against fire fund; seven demands aggregating $569.10 against fire alarm fund.

A resolution was adopted on the suggestion of Chief Ball recommending the purchase of 500 feet of one-inch hose for chemical engines to cost $390.

The Auditor's annual report of the receipts and disbursements of the police relief and pension fund for the fiscal year 1900-1901 was filed.

The balance remaining in the fund on July 1, 1900, was $9,200. The receipts were apportioned as follows: From licenses, $5,782.23; from Police Court, $801.75; from police officers' per capita, $1,455.25; from police officers' fines, $100; total, $8,450.

The disbursements in the form of pensions amounted to $8,450.

The average amount of pensions paid for the three years ending June 30, 1901, was $2,750.

The balance reverting to the general fund of 1900-1901 is $10,658.23.

THE OAKLAND CREMATION ASSOCIATION.

Will Start to Improve Their Property Early in September.

The property is situated on the corner of Mather and Howe streets, near the Mountain View Cemetery, and comprises about two acres of ground. The improvement will be an architectural beautification to that or any other locality. A modern crematory will soon be erected.

HE STOLE TO PLEASE HIS SWEETHEART.

HERBERT BARNES, THE BOGUS GAS MAN, GIVEN TWO YEARS.

Says That His Old Mother in the East is Worrying About Him.

Herbert Barnes, the "gas man" who robbed several houses in this city under the pretext that he was an inspector in the employ of the Oakland Gas, Light and Heat Company, pleaded guilty this morning before Judge Melvin and was sentenced to two years at San Quentin. He was taken to San Quentin immediately afterward by Deputy Sheriff W. J. Holland.

After Barnes had entered his plea of guilty, Judge Melvin asked him if he had anything to say in mitigation of his offense.

After wiping away some tears, Barnes said: "I have nothing to say, only I wish you would make the sentence as light as you can. My mother, who is in the East, is worrying about me."

"What led you to commit these crimes, Barnes?" asked Judge Melvin.

"That was the only way I saw to get money at that time," responded Barnes.

"One of the most difficult duties I have to perform," continued Judge Melvin, "is passing sentences upon young men, being a young man myself. But it is necessary to give you a sentence that will not only reform you, but will also warn other young men against the commission of similar crimes. I hope that after you have served your sentence you will have learned to lead a proper life. I hope that you will endeavor to lead such a life as will not cause that mother in the East to worry."

Sentence was then pronounced.

After receiving his sentence, Barnes spoke more freely about his affairs. "I left my home in New Hampshire about five months ago," he said. "Since my arrival in Oakland I had not been able to find employment and I conceived the plan of getting something by visiting houses as a gas inspector. I followed that occupation in the East. I needed the money, not only for myself, but for another. My sweetheart in San Francisco was ill and I felt that I must have money no matter how I got it. This is the result of my efforts. I would not under any circumstances reveal the name of the young woman I stole for. I alone will suffer the consequences. This will be a severe lesson to me, though."

Barnes is 19 years of age. He is neat in appearance and does not seem to be a hardened criminal. All of the articles he stole have been recovered.

CHABOT TRUSTEES HOLD A MEETING.

Financial Affairs of the Home Are Now in Excellent Condition.

The annual meeting of the trustees of the Chabot Home last evening was well attended. Those present were: John R. Glascock, president; Mrs. Remi Chabot, secretary; Stephen T. Gage, treasurer; Rev. Charles R. Brown, Mrs. Robert Knight and Robert Knight.

After the reading of the minutes the annual report of the treasurer was read. It showed the total receipts to be $35,575.14.

Accompanying the secretary's report was a short letter as follows:

"Honorable Board of Trustees: The new work just undertaken by you in accordance with your decision of the last special meeting is now in active operation. The house building has been altered to suit the needs of this work. All necessary utensils have been purchased. Already a full attendance of pupils have entered upon their duties under the skillful guidance of Miss Voorhies.

"The financial affairs of the Home are in good condition, the income showing a net gain of $59.86 over the expenses of the previous year. The commercial account at the bank shows an overdraft of $1,020.70, but this is taken care of by the increase in the savings account, which now reaches the total of $32,766.19.

"Trusting the following report will prove satisfactory, I remain, faithfully yours, E. M. CHABOT."

The average expenses for the maintenance of the Home per month was $274.45. During the year there had been 115 inmates, sixty of which paid.

The officers elected for the ensuing year were: John R. Glascock, president; Rev. C. R. Brown, vice president; Stephen T. Gage, treasurer; Robert S. Knight, secretary.

After the regular business some of the trustees indulged in a little cross-examination of the ladies of the house. It has been found that among the young women who seek shelter at the Home few are prepared for fighting life's battles through not having been trained in domestic work. As it is the object of the Home to prepare these young women to earn a livelihood it was decided to establish the domestic science department. Under the direction of Miss M. E. Voorhies and her assistant, Miss Vioanda, the work has given such satisfactory results that it will doubtless be carried on on a more extensive scale. For this purpose a number of alterations are to be made in the buildings at the Home that instruction may be given in every branch of domestic work.

LARGE TIME AT SAN JOSE.

Native Sons Plan to Entertain Fifteen Thousand Visitors.

SAN JOSE, Aug. 28.—The Celebration Committee appointed to take charge of the coming Admission Day celebration at San Jose has perfected all plans for the three days' festivities. The 16,000 guests who will visit this year's Mecca for loyal Californians will be royally entertained.

The celebration will commence on a Saturday evening with the reception of the visiting guests as they arrive on the excursions over various routes and their escort to the different headquarters.

Beside the night parade and the display of fireworks there will be a continuous concert in St. James Park. A promenade will be conducted at general headquarters at the same time.

A bull's head breakfast, such as the old Pioneers delighted in, will be given at Agricultural Park on Sunday. Meanwhile several sacred concerts will be provided both afternoon and evening at the Vendome grounds and at the public parks. Monday will be the busiest day for the celebrants. In the morning the grand parade will be held, the literary exercises being scheduled for the afternoon, while the grand ball in the evening will close the celebration.

In addition to the entertainment provided for the visitors by the General Committee, the twenty-five parlors who have established headquarters will keep "open house" during the entire celebration.

Each day will also have its athletic events, which will include bicycle races by professionals, trotting races by the Gentlemen's Driving Club and a ball game between the San Francisco and San Jose Native Sons.

PRINTERS WILL BE IN THE LABOR PARADE.

Oakland Typographical Union, No. 36 has decided to parade on Labor Day. Distinctive straw hats will be worn. The union will assemble at Eighth and Franklin street on Monday morning, September 2d, at 9 o'clock. A fine of $2.50 will be enforced on members not parading. It is proposed to make the parade on Labor Day this year the biggest ever seen in Oakland.

MERCHANTS TALK OF CAR FARE.

Oakland Transit Company Raised the Fare From Four to Five Cents.

At the meeting of the Merchants' Exchange last night there were present Directors Sohst, Brown, Sanborn, Walker, Arper, Cushing, Williams, Lea, Briare, Champlin, Muller and Wellbye.

Secretary Walker said he had received fifty signatures since last meeting to the protest against program advertising. There were 189 signatures in all to the document.

Secretary Walker said that previous to the street railway consolidation books with tickets at 4 cents each used to be sold. Since the consolidation, the fare had been increased to 5 cents. A member had suggested to him that the fare could not be increased where it once had been reduced because of competition. He had seen the Assistant City Attorney on the subject, and that gentleman had said that he did not think that principle would cover the case because the fare on the street cars was reduced because of tickets having been bought in large numbers. There was, he thought, a law making the maximum fare 5 cents. So long as the fare was 5 cents or less, nothing could be done with regard to the change which, it was claimed, had been made.

Mr. Lea said that the change from the book fare of 4 cents to 5 cents had been made before the consolidation of the street car lines had taken place.

The Oakland Electrical Company, C. F. Reuter manager, was elected to membership in the Exchange.

F. M. Farwell said that the Adeline street crossing over the Southern Pacific tracks, which is in need of repairs, is in Berkeley, and that the Trustees of that town had agreed to put the crossing in good condition.

President Sohst, from the Tunnel Committee, reported that the Coleman estate had granted a right of way for the proposed route of the road to the Contra Costa tunnel and that right of way from other property owners would be announced at the next meeting.

Director Sanborn of the Committee on School Vacation announced that the committee would confer with the School Directors on Tuesday evening, September 3, regarding a change in the time of commencing the summer vacation.

FUNERAL OF MRS. E. B. JEROME TOMORROW.

The funeral of Mrs. Clara E. Jerome, who died Tuesday morning at the Fabiola Hospital, will be held Thursday at 10:30 from the family residence, 1331 Chestnut street.

Rev. B. Fay Mills of the Unitarian Church will conduct the services at the house, after which the remains will be sent to San Francisco for cremation. The services in San Francisco will be private.

The pall bearers will be Fred E. Whitney, Frank Cushing, Frank Titus and Col. John P. Irish.

The annual meeting of the King's Daughters will be held on September 13 in the directors' room at the Home for Incurables. The meeting will be a very important one, as it is the intention of the local circle to reorganize and it will thereafter be conducted as a branch of the International Order of King's Daughters. A new board of directors will be elected fro mthe reorganized circle and work will be carried on by them in the future on a different basis.

FOR THE FARMERS WHO DEAL IN PRUNES.

An Interesting Story of How the Fruit is Dried by the Ton.

The following article is contributed by a subscriber who says it will be interesting to the prune raisers of Alameda county:

"The wire netting for trays to be used in the big prune orchard arrived Wednesday, much to the relief of Superintendent Johnson, who had been entertaining visions of a possible lengthy delay in these blooming times of strikes. Of this netting there are 21,250 square feet which will be used in the construction of 2,400 trays. Aside from these, there will be utilized 900 trays from the old drier, constituting in all 3,300 trays for the new plant. The drier under construction, and which, by the way, is nearly completed, has the capacity for 2,100 bushels of prunes at one time. There are ten tunnels through which five fans will propel air heated by 15,000 feet of steam pipe. The fans have been placed in position. Each fan is four feet in diameter, two feet in length, has six wings, one by two feet, and will revolve at a speed of about 500 per minute. This gives, by calculation, when the fans are in operation, sixty square feet of surface passing through space at the rate of a mile a minute.

"Superintendent Johnson began work on the mammoth drier in time to have everything in readiness to begin operations as soon as the fruit is in condition, and he feels that he has succeeded. Everything points to this as the banner season for the company, and it is generally believed that its full expectations will be realized. A great deal of time, energy, faith and money has been put into this enterprise, and besides, its success means much to this county. If weather conditions are favorable, forty car loads of dried prunes is not an improbable estimate of the output of this orchard."—Corvallis Times.

FABIOLA LADIES WILL HAVE BENEFIT FUNCTION.

The ladies of the Fabiola Hospital Association have decided to hold their benefit function in the Ebell Club rooms on September 14. It is to be a Saturday afternoon "whist matinee," and no effort will be spared to make the affair one of the most pleasurable of the season. The guests will not be limited to ladies, but gentlemen are invited and most cordially urged to be present. As hostesses the Fabiola ladies are unsurpassed and the whist matinee will no doubt be largely attended.

The board of lady managers who have the matter in charge includes Mrs. W. T. Barton (chairman), Mrs. Remi Chabot, Mrs. I. L. Requa, Mrs. O'Neill and Mrs. McChesney of Alameda, Mrs. Francis Weston, Mrs. C. W. Armes Jr., Mrs. W. R. Davis, Mrs. Wallace Everson, Mrs. Gordon Stolp, Mrs. R. W. Gorrill, Mrs. E. A. PICKPOCKET CAUGHT ON OAKLAND BOAT.

Railroad Policeman Mulonev arrested a clever pickpocket, giving the name of Frank Rogers and claiming to be a pattern maker, on the 5:30 broad gauge ferry boat from San Francisco. The prisoner was taken to the City Prison pending an investigation of his record.

Rodgers was arrested for robbing an aged man of a diamond pin valued at $150 on the boat. When searched at the prison the sneak thief was holding a fine gold chain in the hollow of one cheek, while in the other cheek he held a $5 gold piece. He also had a gold fob hanging on the inside of his shirt. Various articles and jewelry were found in his pockets. The prisoner looks like an opium fiend.

The old man who lost the diamond pin will swear to a complaint against Rodgers.

THEY BROUGHT DOWN A BRACE OF BIG BUCKS.

E. Bruce Elliott, the popular cashier for Goldberg, Bowen & Co., has just returned from a ten days' hunting trip in Mendocino county, where he was accompanied by Henry W. Hudson of San Francisco. They report having had a delightful trip and succeeded in bringing down a pair of bucks, Mr. Elliott's being a very large five pointer. His many friends are congratulating him upon his skill as a marksman, while he is kept busy distributing venison steaks among them.

Pain Leaves Its Mark.

Pale faces and haggard eyes tell of female suffering. They tell of weak blood and shattered nerves, sleepless nights and drowsy days. There are a million women in America suffering as Mrs. Keith suffered. They have headaches, pains in the stomach, in the legs, arms and back, are dull and drowsy by day, nervous and sleepless by night. If you have these symptoms you have "female troubles". Wine of Cardui has completely cured hundreds of thousands of such cases. It stops the pain and insures perfect health. Do you realize what a joy perfect health would be?

WINE OF CARDUI

in invigorating the organs of womanhood, fits a woman for every duty of life. Try it! All druggists sell $1.00 bottles. Thedford's Black-Draught, the companion medicine, performs the important function of regulating the stomach and bowels. This has much to do with a cure.

Valley Creek, Va., August 4, 1900.

It is with pleasure I write you in regard to my good health. In the spring of 1899 I was very low. My friends thought I could not live. In fact, I thought so myself. I had used so many kinds of medicine without getting relief. At last I decided to try your medicine. I commenced to use Wine of Cardui and Thedford's Black-Draught and in a short time I began to improve. I gained 26 pounds in weight. I am enjoying better health than I have in years.

WEDNESDAY.....AUGUST 28, 1901.

MUST CHANGE OUR METHODS.

Murat Halstead, the well-known writer and critic, who is now in the service of the United States as Consul at Birmingham, England, has been reading our merchants a practical lesson regarding the unbusiness-like methods they adopt when trying to build up a foreign trade. The point he sets out to establish is that we should not think that because our way of getting business is successful in our own country. It can be followed with similar results everywhere else, but rather that we should adapt ourselves to the surroundings, and, in short, "do in Rome as the Romans do."

After citing a number of instances in which successful concerns on this side of the Atlantic have met with dismal failure when they invaded Great Britain, he continues "In nearly every case referred to, I can almost say it is within my personal knowledge that the selling methods pursued were those stubbornly insisted upon by the American manufacturers, despite the protest of representatives whom they had personally selected to go abroad—men whose judgment has been much valued when they were in the home employment, but who found when they were abroad that practically no credence was given to their statements of the trade necessities here. Many a good American salesman has been recalled in disgrace and through no fault but inability to unnecessarily force American merchant customs in foreign markets. The story of the American salesman in our new export effort as I, an American Consul, could tell it, would not be pleasant reading. The wonder is they have accomplished so much, and I must confess I have about made up my mind to quit reading statements of our jumping statistics, for whatever are the totals, they only touch the unbounded possibilities; no matter how they soar there is waste in effort and failure to take full advantage of opportunity."

This advice is just as timely to our own coast as it is to the Eastern exporters, and business houses that have established agencies abroad, for now that many of our merchants are planning to enter the fruitful fields of the Orient and South America, they will have to contend with conditions akin to those of which Halstead speaks. The point should never be lost sight of that an appeal is no longer being made to an American public accustomed to our own peculiar ways and methods, but to people whose ideas run in different channels. In order to reach them, therefore, a close study must be made of their business habits, and then all efforts must be centered directly upon those lines. This plan and this only will bring the right results, and the subject is one deserving the fullest consideration at this time, now that we are preparing to avail ourselves of the great trade opportunities that lie to our west.

It is stated that in future only one big circus will visit California each year, the shows having made a combination on the lines of a trust. It might have been expected that sooner or later they would have worked up a monopoly, for their entire business depends upon the success of their rings.

REGULATING AUTOMOBILES.

Supervisor Horner's ordinance regulating the operation of automobiles on the county roads is in line with similar restrictive measures passed in other parts of the country, an endorsement of which has heretofore appeared in THE TRIBUNE. The number of runaways and other street accidents resulting from the use of horseless carriages has been steadily on the increase, and it is plain that if we consider it proper to limit the speed of electric cars, cables and buggies, there is all the more reason why automobiles should be placed under a like ban.

The direct cause of this restrictive legislation is the high speed that is being attained by automobiles as the various improvements are perfected. The first machines turned out were fortunate if they could travel ten miles an hour, but one has only to glance at the advertisements of those handling the machines nowadays to see what a vast change has taken place. Forty miles an hour can now be guaranteed with any first-class vehicle, while in exceptional instances such as the famous machine owned by Young Vanderbilt, a speed of seventy miles an hour has been reached. The necessity for curtailing this rate of travel is apparent when the conditions governing the county roads are considered. In the first place, even horses accustomed to trains and electric cars are alarmed at the approach of self-propelled carriages that run on any part of the roadway, and if perchance the machine should be a gasoline one and emit occasional puffs of smoke, it takes a good driver to control the average animal. It is this particular reason that has induced Supervisor Horner to place in his ordinance a provision whereby if the operator of an automobile is notified that a restive horse is scared of his machine, he must halt it and remain that way until the animal has passed. The demand for a signal system is in like strain, for it gives an opportunity to have the auto stopped before the harm is done.

While probably those chauffers to whom the principal attraction of automobiles is the high rate of speed at which they can travel, will rail at the limitations to be placed upon them, the protection afforded the public well justifies the passage of the Horner ordinance. Alameda county has no desire to bar out or hamper these up-to-date vehicles, but the interests of the greater number demand first consideration, and automobilists must be content to travel over our roads under conditions that minimize the dangers from their machines. San Francisco and San Mateo counties are with us in this matter, for similar ordinances have been presented in both those communities, the idea being to make the regulating of automobiles uniform in this part of the tSate.

In view of the methods Texans are resorting to in order to boom their oil fields that State will have a new claim to the title of "Lone Star," inasmuch as its news items savor so much of advertising that one always expects to find a star at the end of each article.

The lone highwayman has made another successful coup, this time in Mendocino county. All the world is indeed a stage to him, judging by the way he is holding up everything in the upper end of the State.

Bowling is said to be springing into public favor again in England. We will have no trouble in holding our own with them in that regard in view of the ease with which so many of our citizens can bowl up.

FRAUD IS CHARGED IN AMENDED WILL CONTEST.

An amended contest has been filed to set aside the will of Mrs. Margaret O'Brien, who died at Livermore January 3, 1900, leaving her $10,000 estate to friends. The contest is brought on behalf of John and William Duffy, two brothers, Charles and Winnifred Perry, a nephew and a nice, all residing in Ireland. The defendants in the contest are Father Patrick Powers, Winifred Gallagher, Daniel J. Murphy, Alfred Murphy, Mary A. Kelly and James Kelly, the executor of the estate. It is alleged that Mrs. Mary A. Kelly and executor Kelly fraudulently induced Mrs. O'Brien to execute a will in their favor inducing her to believe that her relatives were all dead and that her estate would to go to strangers. It is also alleged that owing to ill health and an enfeebled mind Mrs. O'Brien was not competent to execute a will. A similar contest was recently dismissed by Judge Melvin as the allegations were not properly set forth.

PREPARING TO CONTEST THE CITY ASSESSMENT.

Some of the merchants on Washington street have banded together and will contest the increase in their assessment made by the City Council. Suits will be filed in the Superior Court.

Can Get Large Returns by Dealing With the Oakland Papers.

Stuart W. Booth, the advertisement writer who prepares the advertising for many of the largest corporations and firms around the bay, contributes the following to last Saturday's issue of the Oakland Review:

"Considering how little advertising is done by the commercial element of Oakland it is supprising to see that this city is able to hold her own against the opposition of San Francisco as well as she does. The trade of this city, perhaps it might also be said of this county, is held by about a dozen firms and even they suffer to some extent by the apathy of the rest. A glance through the Oakland newspapers as compared with the San Jose, Los Angeles and Seattle papers is a revelation. The papers of these towns, no matter which day of the week is considered, are filled with live, healthy-looking progressive advertising. The Oakland papers on Friday nights are fairly presentable as far as they represent the progressiveness of the merchants, but outside of that most of the local merchants seem to forget that there are 140,000 people in this county worth talking to every day about their needs.

"This is all the more surprising as it has been made very apparent that the men who do advertise are reaping the benefit from their enterprise, but it seems as though the average Oakland merchant is inclined to change the ordinary run of things and advertise after he has obtained the business rather than depend upon advertising to make the business for him. During the past six months one or two Oakland firms have been very much surprised to note the effect that has immediately followed an extra spurt in advertising. It seems absurd, but it is nevertheless true, that there are men here having tens of thousands of dollars invested who are continuing to allow goods to get dusty on their shelves while they regret that thousands of bundles continue to come from San Francisco filled with the same goods and delivered at the same price that they themselves are in vain trying to sell, or perhaps it might be more truthfully said, that they are so effectually preventing from being sold.

"On the other hand, San Francisco papers come over here every day loaded with the advertisements of San Francisco firms telling their purchasers in Alameda county just what can be obtained across the bay and what advantage it is to buy it there. Every house in San Francisco delivers free all around the bay so that the Oakland merchant has no advantage in that respect.

"But many Oakland merchants seem to think that they are materially aiding to build up their town if they get together once a week and succeed in passing a new resolution, either for or against the building of the tidal canal, or declaring as they did for the first time twenty years ago, that a tunnel through the Contra Costa county hills is the most important commercial necessity of the last and this century.

"During the last couple of years there has been a marked improvement in the character of the advertising matter of these firms who are interested enough in their business to attempt to increase it. Although in other places it has long been recognized that the management of advertising is a profession second to none, it seems not yet to have been impressed upon the average Oakland merchant.

"Some of the space used in the Oakland papers is even honored by being called ridiculous, for that would indicate that it is filled with something—which it is not. There have been advertisements in the Oakland papers absolutely unintelligible and one very shrewd advertiser was asked to explain his advertisement less than a month ago, when he made the sage reply that it was certainly ambiguous enough to induce people to come to the store and ask him what it meant. Merchants will wear out the seats of many pairs of pants sitting down waiting for prospective customers to come to their stores and ask them to explain their business. In 1901 people are not given to this kind of amusement. They can get better for three or four hours at a time for thirty cents per night at a local playhouse, and of a more agreeable sort."

PERSONAL AND SOCIAL NOTES OF INTEREST.

A. Glenn recently spent a few days in Paso Robles. Mr. Glenn expects soon to visit the East.

Announcement is made of the engagement of Miss Grace Eveline Sully of Berkeley and Alphonse J. Mervy of San Francisco. Miss Sully is the daughter of Mr. and Mrs. H. A. Sully and sister of James Sully, both being connected with the Southern Pacific Company. Mr. Mervy is well known in business cricles and holds a prominent position with James A. McMahon, the contractor. Notice of the ceremony will be given later.

Mr. and Mrs. A. B. Rivers of this city were recently in Redding after a visit to Mrs. Rivers' mother, Mrs. D. P. Miles of Copper City.

The wedding of Miss Flora Chamberlain Sterling and Dr. Guy Homer Lilienerantz will take place at the beautiful home of the bride's uncle and aunt, Mr. and Mrs. Frank Havens, in the Piedmont hills, on Thursday noon. The ceremony will be performed by the Rev. Dr. McLean, formerly of the Congregational Church. Owing to the illness of Mrs. Sterling, the bride's mother, only members of the immediate families will be present. Miss Sterling will be gowned in a French creation of white silk organdie over white taffeta. The yoke and sleeves of the bodice will be of costly lace. She will wear a tulle veil caught by a cluster of orange blossoms, and will carry a shower bouquet of sweet peas.

Her only attendant, Miss Edith Lilienerantz, maid of honor, will wear a frock of pink silk organdie over pink taffeta.

Miss Sterling is the daughter of Dr. and Mrs. Sterling. The family came to Oakland several years ago on account of Dr. Sterling's health. He died shortly after their arrival and Mrs. Sterling, with her daughter, made their home in Piedmont to be near Mr. and Mrs. Havens.

No more picturesque place could have been chosen for the wedding than the Havens home. It is in bungalow style, having wide verandas screened with flowering vines. The veranda is to be carpeted and hung with garlands of roses, and here, after the ceremony, the wedding breakfast is to be served.

Mrs. A. W. Kirkland gave an informal tea yesterday afternoon at the Hotel Touraine that was a very pleasant affair. Her sister, Mrs. R. H. Burmeister of Arizona, who is visiting in Oakland, was the guest of honor.

Mr. and Mrs. J. Chirardolli are going to Capitola next Sunday to spend several weeks.

Rives Baker expects to leave this evening for Nevada, where he will enter the university for a year.

Miss Elenore Clark, who spent the summer in Oakland last year, is visiting her sister, Mrs. Mooney, in San Francisco. They expect to leave next Saturday for Rest Island, Ohio, to be present at the wedding of another sister, Miss Docila Clark.

Ray Walker, formerly of Oakland, has returned from Salt Lake City and is staying at the Occidental in San Francisco.

G. W. Baker returned Monday evening from a business trip to Carson City, Nev.

Beach Soule is making a short business trip through Texas.

Mrs. C. E. Quigley, wife of C. E. Quigley, the popular Manila cigar dealer at Seventh and Washington streets, recently returned from an extended trip to Portland, Or. Mrs. Quigley is very popular in social and fraternal circles.

TELLS ABOUT THE CHILDREN OF GHETTO.

An Eastern Instructor Explains the Working of the New York System.

Professor Isaac Coffee, an instructor in Columbia College, New York, lectured in Y. M. C. A. Hall last evening for the benefit of the Associated Charities. His subject was: "The Children of the Ghetto." B. H. Pendleton presided at the meeting. The lecturer told about the Ghetto children of New York. He said:

"The Educational Alliance, whose operations are located in the Ghetto of New York, is supported by private subscriptions, a kindergarten for Jewish children who cannot speak English and therefore cannot be admitted to the public schools. Mr. Coffee's description of the different phases of the work were interesting in all their details.

"The children in this school of the Ghetto are never there more than six months and none of them had been in America more than one year. The principal subjects taught are language and patriotism. Holidays and Jewish feasts are observed, and it was remarked that there are 250,000 people in an area equal to that part of Oakland lying between Seventh and Fourteenth, Market and Broadway. It is impressed upon the children of the Ghetto that to be good Jews they must also be good Americans.

"For the first two or three weeks after the arrival of the children in this country special attention is given to language lessons, in order to give them control of the English language as speedily as possible. Attention is also paid to their enunciation in order to assist them to overcome the foreign accent with which they are handicapped. Stress is laid on all exercises that will develop a patriotic spirit, and the love developed for their new country and flag is very apparent. The salute to the flag and patriotic songs are exceedingly popular with the children. Flags are also used in calisthenic drills."

WIFE SUES HUSBAND FOR MAINTENANCE.

Mary F. Carney has commenced suit against E. A. Carney for $50 a month for her support and $60 counsel fees and costs. She alleges that her husband earns $5 a day as a shipcaulker, but that he spends his money in dissipation and drink. The couple have been married about three years. Mrs. Carney alleges that her husband deserted her last month and that he has since refused to contribute toward her support. He is in the employ of Edward Meeks. Attorney C. G. Dodge represents Mrs. Carney.

KNIGHTS TEMPLAR DRILL FOR PRIZES.

Thousands of People Witnessed the Contest in Louisville This Morning.

LOUISVILLE, Ky., Aug. 28.—A spectacular competitive drill by the crack Commanderies of the country, the first held since the Conclave of 1883, attracted a crush of Knights Templar Conclave visitors to Churchill Downs today.

The contestants were:

Columbia Commandery, No. 2, Washington, D. C.

Colorado Commandery, No. 1, Denver, Colo.

Hanselmann Commandery, No. 16, Cincinnati.

Allegheny Commandery, No. 35, Pittsburg.

St. Bernard Commandery, No. 1, Chicago.

Calvary Commandery, No. 3, Parkersburg, W. Va.

Golden Gate Commandery, No. 16, San Francisco.

California Commandery, No. 2 (mounted), San Francisco.

The award of prizes will be made tonight at the Horse Show Building and the prizes distributed, following which there will be a grand march and dance by the drill commanderies and the ladies who acted as sponsors for the prizes. The trophies, which are of silver, are:

First prize, thirty-four pieces, valued at $3,000.

Second prize, twenty-five pieces, valued at $2,000.

Third prize, center piece, valued at $1,500.

Fourth prize, two pieces (mounted), valued at $900.

Fifth prize, loving cup, valued at $600.

While the Knights were drilling the meeting of the Grand Encampment got under way at the Girls' High School. When Grand Master Lloyd called the meeting to order there were 120 Knights present to transact business. The Grand Master's, Grand Treasurer's, Grand Recorder's and other reports were received and referred to the proper committees.

Churchill Downs grand stand, holding 5,000 people, was filled long before the drills began.

Under a canopy in the field sat the sponsors, a dark-eyed delegation of Kentucky beauties, who led the members of the contesting commanderies, after their work was finished, to immense bowls containing cooling drinks.

Brass bands were numerous, but music was allowed only during the intermissions between the drills, as the Grant tactics, under which the drills were conducted, allow of nothing to mark time.

The Columbia Knights were good in foot work, but rather weak in handling their swords, while the Denver men excelled in the latter. To the crowd the Allegheny Commandery appeared to have made the best showing. Their foot work showed the effects of hard practice.

At noon there was a luncheon and rest, during which Detroit Commandery No. 1 gave an exhibition drill.

NAVAL CADET METCALF WILL SOON BE HOME.

The practice ships of the United States Naval Academy, "The Chesapeake" and "The Indiana," returned with the naval cadets from their summer cruise to Annapolis, Maryland, yesterday. The cadets will now have a month's leave of absence prior to the resumption of duties at the academy on October 1st next.

Naval Cadet M. K. Metcalf of the Second Class United States Naval Academy, formerly a member of the Berkly High School, class of 1900, will spend the month of September at Berkeley with his parents.

MANY NEW MEMBERS JOIN THE RELIANCE CLUB.

EXCELLENT SHOWING MADE AT THE MEETING OF THE BOARD OF DIRECTORS—NEWS OF THE YACHTSMEN AND BASEBALL PLAYERS.

The directors of the Reliance Athletic Club, at their meeting last evening, heard reports from various officers and committees which were the most pleasing they have heard for many months. The report of the House Committee showed conditions which, for this season of the year, the directors considered remarkable. The condition of the club's membership, as well as the finances, convinced the members of the board that despite the fact that the summer vacation season is generally the worst for such organizations, the Reliance club has gone forward steadily, but at such a pace that there can be no doubt that this will be one of the most prosperous years of the organization's existence.

There is a strong sentiment in the club, and it is growing daily, toward making all club entertainments for the exclusive enjoyment of the members. The recent success of the Ladies' night, when less than a hundred tickets were issued outside the members, convinced those in charge that such a move would be successful. On the next occasion of the kind outside tickets will doubtless be at a premium. In regard to the boxing nights there is still some question among the members as to the advisability of restricting admission to members only. There is little doubt in the minds of the majority that this course will be followed in the near future.

Now that the discussion of the decision in the Baker-McFadden bout has quieted down, the chief topic of conversation among those interested in boxing is the showing recently made by Louie Long. When he stopped George Murphy in a single round several weeks ago many said it was a fluke, but when he did the same thing for "Kid" Healy last week they admitted that the towhead knew where to place his blows to do the trick quickly. His cleverness attracted the attention of many of the noted sports who attended the last exhibition, among them Billy Madden, manager of Gus Ruhlin, who said Louie would make Kid McFadden look like thirty cents in about six rounds.

Since the Jellett brothers won the handicap handball tourney the interest in the game has lagged some, though there are several of the members who stick to the game steadily. Among these are J. Murray, T. F. Joyce and Jos. Cunniff, who are very methodical in their practice, which accounts for the great improvement in their form. They are not going to be caught napping when the class tournament is sprung in the near future.

The bowling alley will be the scene of much activity on Thursday evening, when the first game of the fall season will be played. A club pin has been secured for the member making the record score of the evening. The present indications are that bowling will be very popular this winter. In the other large clubs it has already taken the lead for inside attractions. During the season there will be several tournaments and several trophies will be awarded.

It was gratifying to the members of the Board of Directors when, at last evening's meeting, they were enabled to elect enough new members to make an even twenty for the month. As August has always been considered a dull month in club life, this, they think, is a good showing. Those who have been elected to membership during the month of August are William Baldwin, clerk; William Ferris, Clerk; George E. Gross, Deputy City Treasurer; T. F. Keyes, proprietor of the Louvre; Dr. E. L. Loring, Charles Lefevre, Theodore Mathis, employe at the Institute for the Deaf, Dumb and Blind; J. T. Newell, License Inspector; J. Leo aPrk, secretary of the Board of Public Works, San Francisco; John Stevenson, baker; Sumner Smith, U. C. Student; H. G. Thompson, clerk; W. Rose, clerk; Thomas F. Donnelly cashier, Charles Gadsden, capitalist; Warren Foster, mining; Ralph Parkinson, agent P. C. Co.; G. Salzer, clerk; H. H. Schutz, farmer; William G. Stephens, student.

There are letters at the superintendent's office for the following J. C. Brown, Lee Wangerin, C. J. Fisher (2), E. White.

YACHTSMEN WILL TAKE A CRUISE TO LAKEVILLE.

Twelve yachts of the California Yacht Club turned out to take part in the annual clam-bake held Sunday at San Pablo Point. The yachts left here Saturday evening and anchored off the point for the night. The next morning the clambake was held on shore. The affair was one of the most successful and best attended ever given by the club. The return trip was commenced about 2 o'clock in the afternoon. Owing to the light wind it was late when most of the yachts arrived.

Among the yachts that took the cruise are the following: Thelma (Commodore S. S. Marshall and W. W. Thompson), Pactolus (A. M. Clay), Frances (Luke Doe), Secret (L. I. Gale), Jessie E. (John T. Carrier), Idler (George M. Shaw and H. L. Martin), Alert (Robert Vincent and F. V. Greene), Surf (Roscoe L. Eames), Catherine and others.

Next Saturday, Sunday and Monday there will be an inter-club cruise to Lakeville and return. The California, Corinthian and San Francisco Yacht Clubs will take part in the event, which will be the only general rendezvous of the season. A large number of yachts are expected to make the trip. Saturday evening the yachts will cruise to McNear's Landing and anchor there for the night. The next day they will cruise up Petaluma creek to Colonel Fairbanks' place, where the parties will spend the day. The return trip will be made Monday.

OAKLAND BALL TEAM SHOWS IMPROVEMENT.

Tomorrow Oakland and San Francisco will commence a series of five games, which should provide some good contests. Lately the Dudes have shown much improvement and should give the Wasps a hard rub for the series. The latter, however, have also been playing good ball, and it is to be expected that they will give a good account of themselves in the coming games.

With the addition of the new men from the East that Manager Lohman has engaged, Oakland should from now on make a strong bid for the pennant. Aside from its batting, the local team ranks very favorably with the other teams. Very little fault can be found with the fielding. The addition of one or two heavy batters will be of great assistance to the team.

By winning four out of the five games with Los Angeles, the Dudes have materially increased their club standing. The number of their winning games is only one less than that of Sacramento and two less than that of Los Angeles, although their losing games number a few more than the others.

The percentages of the four teams are as follows: San Francisco, 571; Los Angeles, 495; Sacramento, 484; Oakland, 448.

By taking three of the four games with Sacramento, the San Francisco team still further increased its lead. The Los Angeles team has been unfortunate in its last two series, having won only two out of ten games.

Dr. Moskiman is continuing his good work in the pitcher's box. Sunday morning after the game his friends presented him with a handsome gold watch as a testimonial of their appreciation of his work.

Hodson pitched in two of the games the Dudes won from the Angels. Johnson pitched the game Saturday in which Oakland was whitewashed by a score of 6 to 0.

Los Angeles will go to Sacramento for a series of four games. Should Sacramento take three of the games that team would be advanced to second place in the League.

POLICEMAN SILL ON THE GRILL.

Will Be Investigated for Brutally Beating J. H. C. Alexander.

Officer Frank Sill was cited this morning to appear before the Board of Police and Fire Commissioners on Wednesday next to have his conduct toward J. H. C. Alexander while the latter was under arrest, investigated.

Alexander in his communication to the Board, states he was subjected to the grossest kind of brutality at the hands of Sill, while a prisoner on a charge of drunkeness.

Chief Hodgkins was asked to investigate the matter. The following is his report:

"To the Honorable, the Board of Police and Fire Commissioners, of the City of Oakland, California, Gentlemen—With reference to the enclosed communication (of Alexander) referred to me by your Honorable Board for investigation and report I beg to say that after investigating the same and hearing the contradictory statements of the accused and accuser forces me to suggest the idea of having both men appear before your Honorable Board to then and there make their statements. Respectfully submitted,

"S. C. HODGKINS,
"Chief of Police."

In accordance with the suggestion of the Chief of Police a resolution was drawn citing Sill to appear and explain the damaging statements of Alexander.

Alexander claims Sill beat his head to a jelly while he was a prisoner in a cell.

It is said Alexander is injured for life. His friends say his mind was injured by the beating.

WILL BE HURDLE RACES AT THE OAKLAND TRACK.

The announcement was made yesterday by the California Jockey Club that there would be two jumping races every week during the coming racing season. Jumping races were abolished by the California Jockey Club over the Oakland track, but the "fences" were taken care of by the managers of both the Ingleside and Tanforan tracks. Now that the three tracks are controlled by President Williams and his associates, it has been deemed advisable to give jumping events.

BISHOP EXPLAINS HIS POSITION.

Tells About the Palm Garden and Cafe Bohemia Saloons.

Councilman A. W. Bishop was interviewed by a TRIBUNE reporter this morning regarding his vote on the Palm Garden and Cafe Bohemia saloons.

"Mr. Bishop, I have called to inquire as to the present status of the Palm Garden and Cafe Bohemia question, as there seems to be a misunderstanding as to how the matter stands," was asked.

"The matter," said Mr. Bishop, "is in the hands of the Municipal License Committee for further investigation, as the public investigation developed very little positive information, and was principally confined to matters which transpired two years ago, if the papers reported the investigation correctly. As a member of that committee I am endeavoring to get at the bottom of the matter and obtain the facts, and when this is done the whole matter will be reported back to the Council for action. In the meantime the Council has provided for proper surveillance of the places against which complaint has been made."

"Then the investigation has not been shelved, as stated by some of the newspapers?"

"Not by any means. The Council will take final action upon the report of the committee, and, if necessary, have further testimony, and from any person having facts to present. The Council, sitting as a judicial body, must have facts, and not rumors, upon which to base its decision, and, of course, the parties against whom the charges have been made will have the right to be heard by themselves or through counsel, and will have the right to present testimony in rebuttal. The charges made are serious, and it would not be just to convict without giving the parties charged a hearing.

"The Council could revoke their licenses without further hearing, could it not?"

"The Council might do a great many things which, if not contested, would hold good. But wisdom and justice demand a fair hearing, open and public, and when that hearing is had it should not be ex parte, but notice should be served upon the parties against whom charges are filed, that they may be present and defend themselves—this is a constitutional right granted to the worst of criminals."

"When will a further hearing be had?"

"Further hearing will be had as soon as sufficient evidence of a direct nature can be procured—and evidence is not what somebody has heard somebody else say or assert. And there is where the trouble lies, which may cause delay. I am trying to get the facts first-handed; and if those interested in good government will assist the time may be shortened. Good day."

A PERFECT PERFORMANCE OF SAPHO AT DEWEY.

The Dewey was packed last night by an audience anxious to witness "Sapho." The staging of the piece is rich and artistic. The acting is admirable. Mr. Stevens gives a careful and forcible impersonation of the susceptible and vacillating hero. Fanny Gillette ennobles the character of "Sapho" and arouses sympathy among the ladies in the audience. Mr. Holden gratifies his friends by his delineation of the hero's old uncle, a line of work entirely different from that in which he usually appears. The play will run all the week.

SOCIAL DANCE Y. M. I. FOR THIS EVENING

This evening there will be a most enjoyable social dance given by Oakland Council, No. 6, Y. M. I., in Foresters' Hall, corner of Clay and Thirteenth streets, for which elaborate preparations have been made. Admission will be secured only by invitation.

INJURED IN COLLISION WITH A STREET CAR.

A wagon of the St. Lawrence bakery was struck by an Adeline street car on Twelfth street a few nights ago and overturned. It was driven by a boy named Louis Kiernan, who was taken to his home in Alameda, where Dr. Keys was called to attend him. A suit for damages has been brought against the railway company.

GRAPE-NUTS

The Most Perfectly Made Food for Human Use.

TO KEEP FOOD CRISP.

A novel way of opening a package of food is shown on the Grape-Nuts package, where a line indicates that a slit should be made with a knife, and the package squeezed, which makes it gap enough to pour out what is needed for a meal, then the package automatically closes, preserving the contents from the moisture of the air.

As a rule, Grape-Nuts packages are not kept on hand very long in any family, but it is well to know how to keep the contents of the package in prime condition. Grape-Nuts Food is ready cooked, very crisp and can be served immediately with a little good cream or milk. This feature is of great advantage to those who appreciate ease and convenience in preparing breakfast.

TROUBLE LOOKED FOR ON FRONT.

Many Vessels Are Now Discharging, But Another Tie-up May Come.

There are no indications of strike trouble along the wharves because of the removal of the embargo of the handling of material on docks by union longshoremen, stevedores and teamsters, the same stuff having previously been taken off vessels and placed in the docks by non-union men.

Some friction, however, may be experienced when new cargoes are placed ashore and when the wharves become obstructed again with material of all kinds.

Trouble of this kind is anticipated tomorrow by the coal firm of C. R. Allen, which is now without coal in its bunkers. Tomorrow and on succeeding days for a week or more the firm expects about 800 tons of coal which will be brought here from San Francisco in the lighter schooners Rough and Ready, Katie S., Jennie and Edna, and Winfield Scott. These will be loaded from the ship Titania, which lies in San Francisco bay, the coal being handled by non-union men. Such coal brought to this port will set at naught the sole condition imposed in granting the withdrawal of the embargo for ten days.

Union men say that the moment Allen handles any more coal of the kind referred to, union teamsters and stevedores will be called out of his yard.

Allen, on the other hand, says that if these men leave his employ again they will stay away.

The steam schooner Crescent City finally unloaded this morning at Derby's wharf. For several days past the work has proceeded slowly because the master could find only four non-union men who were willing to work. Meanwhile expenses went on at the rate of $55 a day, greatly to the sorrow of the owner of the craft.

The boat left today for San Francisco.

The four-masted schooner Muriel is still lying unloaded at the Puget Sound Lumber Company's wharf. Her bottom rests on the mud. Today the captain trimmed ship a little, to avoid the settling strain by placing some laths ashore.

The steam schooner Coquille River has almost discharged her cargo for Taylor at the city wharf. She is rising high above the water and shows a very foul bottom, the result of her stay of several weeks in the slips of San Francisco. Her unloading is being done by non-union men.

The steam schooner Mandalay, which non-union men have been handling for the E. E. & A. L. Stone Company, is now light and will leave this evening for San Francisco. She will be followed to the Stone wharf by the schooner Industry, which will also be lumber laden.

At the several wharves where union longshoremen have been working for several days reducing the rough piling and putting lumber in the yard piles the amount of material which cumbered the wharves, and which was placed there originally by non-union men, is being gradually reduced. It will last only a few days longer. When this material shall have been removed, no more stuff unloaded by "scabs" will be touched by union longshoremen. If cargoes are put ashore by non-unionists, union longshoremen will be called out of the offending yards. This it is thought, would seriously interfere with the local business of a number of artisans.

At the Howard wharf, the bark gatherer, is being unloaded of a cargo of coal of about 2,400 tons.

At Boole's ship yard the stern-wheel steamer Sunol has been put on the ways for a cleaning.

The pilot ship Gracie left the yards this morning and was towed to San Francisco. She came here under sail, struck a mud-bank and was held there until high tide enabled her to float. Her skipper concluded, on the return trip, to trust himself to the guidance of a tug.

The four-masted iron bark Olive Bank is lying at the wharf waiting to go on Boole's ways for repairs.

The sides are being put on the new vessel now under construction in the same yards. The boat will be twenty feet longer than the La Haina, which was launched from the same place some weeks ago.

At the meeting of the Brotherhood of Teamsters, last night, it was decided to take part in the demonstration on Labor Day, Monday next. Members will walk beside wagons loaded with material handled in the respective lines of business in which they are engaged.

WEST BERKELEY MAN PLACED UNDER ARRST.

C. J. Gutzman has been arrested by Constable Ed Weidler on the charge of disturbing the peace of Annie Durnell. Accused and accuser reside, each, in a small house on property the use of which is given to them gratis by Beaudry & Pelladeau near the Paraffine Paint Works in Butchertown.

Annie says Gutzman is building a fence which shuts off her view of the railroad track. She remonstrated with Gutzman about the alleged obstruction and was abused and insulted by the builder. Gutzman declares that he is the person whose peace has been disturbed and that Annie is the person who has disturbed it.

Justice Quinn will hear the case September 5.

IN AN ALBUM.

Like the south-flying swallow the summer has flown,
Like a fast-galling star, from unknown to unknown.
Life flashes and falters and falls from our sight—
Good night, friends, good night.

Like home-coming swallows that seek the old eaves,
Like the buds that wait patient beneath the dead leaves,
Love shall sleep in our hearts till our hands meet again—
Till then, friends, till then!

Why a Woman

Is Able to Help Sick Women When Doctors Fail.

How gladly would men fly to woman's aid did they but understand a woman's feelings, trials, sensibilities, and peculiar organic disturbances.

Those things are known only to women, and the aid a man would give is not at his command.

To treat a case properly it is necessary to know all about it, and full information, many times, cannot be given by a woman to her family physician. She cannot bring herself to tell everything, and the physician is

MRS. G. H. CHAPPELL.

at a constant disadvantage. This is why, for the past twenty-five years, thousands of women have been confiding their troubles to us, and our advice has brought happiness and health to countless women in the U.S.

Mrs. Chappell, of Grant Park, Ill., whose portrait we publish, advises all suffering women to use Lydia E. Pinkham's Vegetable Compound, as it cured her of inflammation of the ovaries and womb; she, therefore, speaks from knowledge, and her experience ought to give others confidence. SHAFFER WILL NOT RETREAT.

There is Talk of Peace in Steel Circles Within Ten Days.

PITTSBURG, Pa., Aug. 28.—Probable peace for the striking steel workers within 10 days was the interesting topic in strike circles here today, but nothing definite could be learned. President Shaffer said that in the face of gains made by the strikers, he would not back down from his original position.

The steel officials reiterated their previous statements that no overtures for peace had come from the strikers and that the strike could only be settled by the return of the men to their places.

The peace proposition sent out by President Shaffer to the members of the Executive Board of the Amalgamated Association for their approval previous to presentation to the United States Steel Corporation by the representatives of the National Civic Federation lends color to the peace rumors and the provisions of the plan were being discussed by the strikers at Lindsay and McCutcheon's Works today.

The proposition provides for a provisional scale not to be signed for this plant, leaving recognition of the union open. The men stated that they were prepared to work tomorrow under these conditions. They stated that all they would require will be that the Amalgamated Association scale be paid and that union men be allowed perfect liberty and no discrimination.

Notwithstanding the reports that all preparations had been made, the Tin Plate Mill at Demmler did not resume this morning. It was reported that 200 machinists and helpers went back at the works of the National Tube Company, but this is denied by the strikers.

Wheeling dispatches today say that nothing is known of the alleged conference of labor leaders said to have been held there recently to devise a plan to settle the steel strike and the story is believed to be without foundation.

President Shaffer at noon again denied the persistent reports of early settlement of the strike.

"There is nothing in the peace talk," said he. "I have denied these rumors often enough to make the people believe it."

Reverting to the Wheeling story, he said:

"I do not know what unconcerned parties are doing but it will have no effect on us."

A CHANCE MEETING.

The street sounds to the soldier's tread,
And out we troop to see;
A single redcoat turns his head,
He turns and looks at me.

My man, from sky to sky's so far,
We never crossed before;
Such leagues apart the world's ends are,
We're like to meet no more:

What thoughts at heart have you and I
We cannot stop to tell;
But dead or living, drunk or dry,
Soldier, I wish you well. —Anon.

HOW TO KEEP STREETS CLEAN.

At a meeting of the Board of Works this morning the plan proposed by the Council of dividing the city into districts and to advertise for bids for sweeping the districts was discussed.

Definite action on the measure was postponed until the Council has completed its deliberations on the tax levy.

The committee of three composed of Councilmen Schaffer, Dornin and Fitzgerald appointed by the Council to confer with the Board of Works was in attendance and made several suggestions as to the feasibility of certain plans.

Dornin thought the plan of sweeping the streets would be an effective one if in letting the contract it was specified that none but Oakland men should be employed and that the wages should not be less than $2 per day for eight hours' work.

City Attorney Johnson thought that such a contract would have too many restrictions and that it would be difficult to secure bidders.

Mayor Barstow wished to know if there would be anything in the contract to prevent the importation of cheap labor.

Street Superintendent Ott suggested it might be advisable to try the experiment with one section at first and extend the work gradually.

After the meeting the committees from the Council and the members of the Board informally discussed the proposition and came to the conclusion that the proper method of obtaining clean streets while the city's finances are at a low ebb would be to appeal to the civic pride of the people and have them organize a number of clubs such as are in operation in Los Angeles, for the purpose of keeping the streets clean.

Superintendent Ott says that already a number of people have asked him if he would provide a cart to carry away debris if it was deposited in the gutters. It was thought if these people would organize a clean street club that their efforts would induce others in the community to do the same. If the property owners would take up this line of policy both the Council and Board of Works would facilitate the work by all the means at their disposal.

He Kept His Leg.

Twelve years ago J. W. Sullivan of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and 12 boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. Osgood Bros., corner Seventh and Broadway, will guarantee satisfaction or refund money. Only 50 cents.

When a man is played out, having ruined his business by cheap coupon work, and then by using Belle-Oudry's well known trade mark, the "PHOTOGRAPHIE PARISIENNE," expects to patch up his declining business, it is time to quit. The only Parisian photographer in Oakland is Edouard Belle-Oudry. Studio on Thirteenth street; take elevator at Abrahamson's store.

Our plan of investment cannot help but meet with the approval of any business man or woman; it is simple. The Company sells you 100 shares of stock for $25, or 25c per share, the par value of which is $1 per share or $100. This stock is not assessable for any purpose. Upon the payment to the Company of $25 cash, they will issue to the purchaser a certificate of stock for 100 shares of its capital stock. The Company then gives the purchaser a written agreement to allow him 50 per cent advance for said 100 shares of stock after the first year from date of purchase to apply upon the purchase price of any piece of property he desires to buy, owned by the Company. Purchasers may buy 500 shares of stock on installments, as follows: $25 cash and $10 per month thereafter until paid for. Larger amounts of stocks in proportion.

COMMISSIONER'S SALE.

AXEL L. SAXTORPH, Plaintiff, vs. ELISABETH HARDING and FRANZ HARDING (her Husband), Et Al., Defendants. | No. 17,881. Dept. 3.

Under and by virtue of an order of sale and decree of foreclosure and sale issued out of the Superior Court of the county of Alameda, of the State of California, on the 8th day of August, A. D. 1901, in the above entitled action, wherein Axel L. Saxtorph, the above named plaintiff, obtained a judgment and decree of foreclosure and sale against Elisabeth Harding and Franz Harding (her husband), defendants, on the 5th day of August, A. D. 1901, which said judgment and decree were on the 8th day of August, A. D. 1901, recorded in Judgment Book No. 45 of said Court, at page 80, I am commanded to sell all those certain pieces or parcels of land, situate, lying and being in the city of Oakland, county of Alameda, State of California, and bounded and particularly described as follows, to-wit:

Beginning at a point on the northeastern line of East Twenty-first street (formerly Hepburn street) distant thereon one hundred (100) feet southeasterly from the point of intersection of the northeastern line of East Twenty-first street with the southeastern line of Twenty-first avenue (formerly Alameda street); running thence southeasterly along the northeastern line of East Twenty-first street fifty (50) feet; thence northeasterly parallel with Twenty-first avenue one hundred and forty (140) feet; thence northwesterly parallel with East Twenty-first street fifty (50) feet; thence southwesterly parallel with Twenty-first avenue one hundred and forty (140) feet to the point of beginning. Being lots numbers forty-five (45), forty-six (46, in block sixty-seven (67), as the same are delineated on a certain map entitled "Knowles and Potter Subdivision of the Kennedy Tract, Oakland, as the same are delineated on a certain map entitled "Knowles and Potter Subdivision of the Kennedy Tract, Brooklyn Township, Alameda County, California," filed December 5th, 1877, in the office of the County Recorder of Alameda county.

Together with the improvements thereon.

Public notice is hereby given that on

SHERIFF'S SALE.

CENTRAL PACIFIC RAILWAY COMPANY, Plaintiff, vs. FANNIE POTTER ET AL., Defendants. | No. 17,744.

Order of sale and decree of foreclosure and sale.

Under and by virtue of an order of sale and decree of foreclosure and sale issued out of the Superior Court of the county of Alameda, of the State of California, on the 31st day of July, A. D. 1901, in the above entitled action, wherein Central Pacific Railway Company, the above named plaintiff, obtained a judgment and decree of foreclosure and sale against Fannie Potter and T. B. Potter, defendants, on the 30th day of July, A. D. 1901, for the principal sum of two hundred dollars, besides interest, costs and counsel fees, which said judgment and decree were on the 31st day of July, A. D. 1901, recorded in Judgment Book 45 of said Court, at page 76, I am commanded to sell all those lands and premises, situated, lying and being in the county of Alameda, State of California, and bounded and particularly described as follows, to-wit:

Commencing at the point of intersection of the northerly line of Tenth street with the easterly line of Blaine avenue; and running thence northerly along said line of Blaine avenue twenty-five feet; thence at right angles easterly one hundred and twenty-five feet; thence at right angles southerly twenty-five feet to the northerly line of Tenth street; and thence westerly along said last named line one hundred and twenty-five feet to the point of commencement; being a portion of lot number eleven in block "M," as delineated and so designated on a certain map entitled, "Map of Huntington Tract, Brooklyn Township, Alameda Co., Cal.," filed June 4th, 1892, in the County Recorder's office of said Alameda county. Together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in anywise appertaining.

Public notice is hereby given that on

THURSDAY, THE 5TH DAY OF SEPTEMBER, A. D., 1901.

At ten o'clock A. M. of that day, in front of the Broadway entrance of the Court House of the county of Alameda, in the city of Oakland, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to raise sufficient money to satisfy said judgment, with interest and costs, etc., to the highest and best bidder, for lawful money of the United States.

SAW PANTHER AND TOOK FRIGHT.

Puzzling Illness of Miss Pearl Wagner of Berkeley.

BERKELEY, Aug. 28.—An illness which is puzzling physicians is the malady with which Miss Pearl Wagner is suffering.

The young woman, who is a talented musician, has been removed from her father's mine in Trinity county to the home of her brother-in-law, Winfield S. Schmidt of Peralta Park.

Miss Wagner has been in a semi-unconscious condition for more than a month. She has been ill ever since she rode on horseback from the house of a friend to her father's mine, a distance of about two miles. When she reached home Miss Wagner told of how her horse had taken fright at a panther which it saw, running away with her.

STUDENTS WILL ACT AS JUDGES IN CASE.

Meeting is Called for Next Friday to Investigate Rush Incident.

BERKELEY, Aug. 28.—The Associated Students of the State University will sit as judges next Friday morning at 11:30 o'clock on the cases of the members of the sophomore class who openly violated President Wheeler's request that there be no rushing at the meeting of the freshman class. The Executive Committee of the student body has been assured that the decision of the whole student body will be ratified by the University authorities.

The official notice calling for the meeting follows:

"It has been deemed best by President Wheeler and the Committee on student affairs to have the matter of the disturbance at the gymnasium during the organization of the freshman class to the Executive Committee of the A. S. U. C. for settlement. It has been promised this committee that whatever action it may take will be ratified by the University authorities. Members of the committee to have the sanction of the entire student body, and to that end a meeting of the association is called for Friday, August 30, immediately following the University meeting, which will be shortened on this account.

"JOHN M. ESHLEMAN, Pres.
"F. E. REED, Sec'y."

TRYING TO BEAT THE BERKELEY LAW.

Hospital People Plan a Scheme to Maintain Their Institution.

BERKELEY, Aug. 28.—A clever subterfuge has been resorted to by the directors of the Berkeley Hospital Association to protect their property interests. Some time ago the Town Board of Trustees passed an ordinance prohibiting the erection of a hospital building within 300 feet of a residence.

This action of the town fathers compelled the association to abandon the dwelling it purchased for hospital purposes on Durant street. Then a site was acquired on Mary street near the Town Hall. There the directors have caused to be erected a few poles, so that if a residence is built within 300 feet they will not be compelled to give up the lot.

UNIVERSITY MEN WILL HOLD A MEETING.

UNIVERSITY OF CALIFORNIA, Aug. 28.—The regular annual meeting of the Alumni Commissioned Officers' Association of the University of California will be held at 8 o'clock Thursday evening, September 12th, in the rooms of the San Francisco Club, on the sixteenth floor of the Claus Spreckels Building. Officers will be elected for the ensuing year. A garden party will be given by the Association at the Schilling residence, in Oakland, on Saturday evening, September 21st.

NOTED CATHOLIC WILL LECTURE AT UNIVERSITY.

BERKELEY, Aug. 28.—The Newman Club of the University is planning to have its third annual address given by the Reverend Father Shahan of the Catholic University of America.

U. C. BOY IS FINED.

BERKELEY, Aug. 28.—Roy Pierce, a University student, pleaded guilty this morning to a charge of riding his bicycle on the sidewalk. He was fined by Justice Edgar.

NON-UNION TEAMSTER THREATENED TO SHOOT.

Last night about 8 o'clock Charles Halter, a non-union teamster, while on the way to his home, 364 Tenth street, was held up and jostled at Tenth and Franklin streets by several striking teamsters. He feared that bodily injury was intended and drew his pistol and threatened to shoot, whereupon his assailants scattered. Halter drives for the Western Transportation Company of San Francisco. His assailants were teamsters from the other side of the bay.

HE DEMANDS A JURY TRIAL.

Dr. J. M. Selfridge Will Fight Charge in the Alameda Court.

ALAMEDA, Aug. 28.—Yesterday the warrant sworn to by Health Officer Stidman against Dr. J. M. Selfridge of Oakland, charging the latter with violating ordinance 184, section 2, which makes it a misdemeanor for a physician to neglect to report cases of contagious diseases under his care, was served on the doctor at his office in Oakland. He at once accompanied the officer to this city, where he pleaded not guilty to the charge and demanded a jury trial, which was set for September 3d.

Dr. Selfridge claims that last Saturday morning he telephoned the Board of Health to inform them of the case of diphtheria to which he had been summoned on Friday afternoon, but says he could get no reply over the telephone, and on Monday morning the warrant was issued for his arrest. The doctor was allowed to go on his own recognizance.

ALAMEDA PREPARES TO BUILD A LIBRARY.

Trustees Will Be Asked to Turn Property Over to the Board.

ALAMEDA, Aug. 28.—Owing to the fact that next Monday is a legal holiday, the City Trustees will not hold its regular meeting that evening. It will probably be held on the following Wednesday.

The regular meeting of the Library Board will take place Tuesday night, but it is proposed that they adjourn until after the City Trustees meet. It is the intention of the Library Trustees to proceed with the Carnegie Library project as soon as proper authority is given by the City Trustees. An ordinance giving the Library Trustees authority to go ahead with the proposition and handing over to the latter the property on which the new building is to be constructed will be brought before the City Trustees at the next meeting.

ALAMEDA BOY FALLS FROM SADDLE HORSE.

ALAMEDA, Aug. 28.—This morning Joe Ghilieri, a 16-year-old boy, fell from a horse which he was riding and broke his collar bone. The accident occurred at the corner of Oak street and Central avenue. It is not known what caused the boy to fall, as the horse was walking when the accident occurred. When picked up by the ambulance the boy was unconscious. He was at once taken to his home, 1814 Everett street, and a physician summoned.

SPIRITS TOUCHED HIM FOR FIFTEEN.

Haywards Young Man Meets With a Loss at a Spiritualistic Show.

HAYWARDS, Aug. 28.—Monday evening a spiritualistic affair took place at the Haywards Opera House, and as a result Ernest Rey is out $15, which he claims was lifted from his pocket by a spirit.

During the early part of the evening Rey was out showing Howard, the husband of the medium, around town. During the trip they visited several of the local refreshment stands, where real spirits are dispensed, and by the time the meeting opened both were visibly influenced by the spirits.

After the performance Rey made the startling discovery that he had but $3 left, when he should have had $18. He was angry over the loss but loud in his praise of the spiritual manifestation. He had been touched for $15 and by the spirits.

During the performance William Pimentel and G. S. Langan who were placed under a sheet with only their heads visible, were jabbed and punched by unseen hands until they cried enough. Ed Hans also went to the front and received a beautiful picture of his wife-to-be.

PORTUGUESE WILL HOLD A BALL AT HAYWARDS.

Ashland Council U. P. E. C. Plans to Have a Large Time in the Country.

HAYWARDS, Aug. 28.—Great preparations are being made by Ashland Council No. 41, U. P. E. C. for its annual ball which will take place on the 21st of September at the N. S. G. W. hall in this place.

Ashland Council is noted for its annual balls, which are looked forward to by all the young people with much pleasure. Music will be furnished by Victor's orchestra of Oakland.

NEW STATION ON THE SAN LEANDRO ROAD.

HAYWARDS, Aug. 28.—The new waiting station located where the road from the County Infirmary joins the main road has just been completed and has received the first coat of paint. The station will be a great convenience for the occupants of the Infirmary, who heretofore have been compelled to stand in the sun while waiting for cars. The station was built by the county.

HAYWARDS YOUNG PEOPLE WANT AN ORCHESTRA.

HAYWARDS, Aug. 28.—There has been considerable talk of late among the young people about forming a local orchestral society. The idea seems to have taken hold very well and the society may be organized shortly. There is a large amount of local talent to draw from and the scheme will without a doubt meet with great success.

MANY BONES IN HIS BODY WERE BROKEN.

Edward Mellin of Elm Street Falls Four Stories to Cement Basement.

Edward Mellin, aged 16 years, who resides with his parents at 213 Elm street, in this city, was fatally injured by falling from the fourth story of the Union Lithographing Company's building, 325 Sansome street, San Francisco, yesterday. He sustained a compound fracture of his left thigh, a facture of the right thigh, a fracture of both his arms and a compound fracture of the lower jaw.

This discovery was made by the surgeons at the Emergency Hospital. At the time of the accident, Mellin was taking a heavy box off a platform elevator.

Some one below pulled the wire cable and caused the elevator to descend. The box fell against the boy and threw him off the open side of the elevator, when he fell to the cement floor in the basement. The doctors think it miraculous that death was not instantaneous. The mother of the boy was called to his cot in the ambulance.

SPORTING NEWS FROM THE Y. M. C. A. ROOMS.

It has been definitely settled that Claude Brandon of Sacramento will take the place of Instructor Meyers in the gymnasium department of the Y. M. C. A. A farewell banquet and reception will be tendered Mr. Meyers on September 2. A program has been arranged, consisting of athletic and musical specialists. The new instructor, Mr. Brandon, will be in attendance.

He is well and favorably known in both Sacrmaento and Los Angeles. The latter place is his home. As an athlete and trainer it is said he has few superiors, and the junior work under his direction, it is anticipated, will progress very favorably.

Last night a "moonlight tramp" was taken to the bluffs overlooking Lake Chabot. About twenty-five of the members of the juniors congregated at the Y. M. C. A. gymnasium. The trip was entirely successful. It is the last of a series of cross-country runs and moonlight trips which were begun early in the summer.

WILL GIVE A FREE LECTURE.

Annie Rix Militz, of Chicago, formerly of San Francisco will deliver a free lecture, Sunday, September 1st at 3 p. m. in Golden Gate Hall, 625 Sutter street, San Francisco. Subject, "Strikes, Their Cause and Cure."

OLD MEN WILL SING IN PUBLIC.

Getting Their Voices in Condition for the Event of Their Lives.

ALAMEDA, Aug. 28.—On Friday night the members of the Old Men's Singing Club will hold their last rehearsal prior to the concert which will be given by the club on the night of September 6 at Armory Hall.

Two glee clubs from San Francisco, which will assist at the concert, met last night at Harmony Hall and rehearsed.

The Old Men's Singing Club is one of the most unique organizations of its kind in existence. It consists of 101 members, all of whom are over 60 years of age and whose aggregate ages amount to 6,666 years.

The officers of the club are as follows: President, F. Boehmer; secretary, E. K. Taylor; treasurer, T. W. Greely; vice-presidents, David Martin, E. B. Dunning, Henry Epstein, Judge G. A. Swasy, E. T. Blanding, Albert Victor.

Committee on Music—Sanford Bennett, Adolph Hecker and Theodore Steinmetz.

Another feature of the big concert is that young ladies will act as ushers. They will consist of the following: Misses Lina Thomas, Alice May Lulu Rea Buch, Edna Metzger, Miss McCantney and Olga Epstein.

A fine musical program has been arranged for the evening, which will be directed by Professor Theodore Vogt, from the Royal Conservatory of Stuttgart, who is musical director of the club.

The program is as follows:

PLAN TO HOLD A CELEBRATION.

San Leandro Residents Will Have a Time When Bridge is Completed.

SAN LEANDRO, Aug. 28.—On Monday evening the Board of Trade met at their rooms.

The first matter to come before the Board was the proposition of having a cattle chute built at the station. A committee which had been appointed to negotiate with the Southern Pacific Company in regard to the matter reported that communications had been received from the company and they would no doubt erect a chute in the near future.

Nothing definite, however was reported.

Messrs. Cary and Witherell were also appointed to serve on the committee with Messrs. Hoerst, Ester and Frank.

The Committee in charge of the mailing cards were given power to solicit funds with which to mail the cards. Some 5,000 beautiful mailing cards, descriptive of San Leandro and surroundings, have been furnished by the Southern Pacific Company and the committee will now secure funds which will be used to send these cards to different parts of the United States. No better advertising medium could have been secured by the Board, and at such small expense.

The matter of celebrating the completion of the great bridge, which will be the largest of its kind in the world, has been left with a committee consisting of the following members of the Board: Messrs. Frank, Cary, Morin, Estudillo and McCarthy.

HAVE LEFT SAN LEANDRO.

WILL RAISE QUARANTINE ON THE ALTA HOUSE.

The quarantine on the Alta House, corner of Eighth and Washington streets, has been partially raised, the inmates, with the exception of J. T. Munhall, the smallpox patient, being allowed to depart. In the next few days the two remaining guards will be allowed to go, the house will be fumigated and the quarantine raised.

NEW WAREHOUSE FOR LIVERMORE.

Lack of Cars and Storage Facilities Compel Farmers to Seek Other Quarters.

LIVERMORE, Aug. 28.—On account of the great scarcity of cars and lack of storage facilities the Livermore Commercial Company has concluded to build an additional hay warehouse in the western part of town.

Lumber is already beginning to arrive and work on the new structure will probably be commenced tomorrow.

MARRIED AT NIGHT IN A VEIL OF MYSTERY.

A man giving the name of St. Charles Foltz, and a woman giving the name of Mrs. Jeannette Michael, were married by Justice Stetson Monday night. The marriage was witnessed by one Dr. G. M. Fox. The parties claimed their residence was in San Francisco. There was an element of mystery about the affair. The bride wore a lavish display of diamonds, leading the justice to believe that she was possessed of means and well connected in San Francisco.

"My Head! My Head!"

Sudden Blindness and Dizziness. What Causes It?

The first step to the finding of a cure for any disease is to find its cause. And it's a notable fact that the cause of a disease may be quite remote from its manifestations. Headache, spots before the eyes and dizziness are only symptoms of disease. When the experienced physician is confronted with these symptoms in a woman he enquires at once as to the condition of the womanly health. He knows that the general health is intimately related to the local womanly health, and from the very symptoms he argues derangement or disease of the delicate womanly organism. So far he is right. But when he begins to treat the disease he has located how often he fails. In the letter of Mrs. Douglass given below, she says that in ten years of suffering she tried seven doctors without permanent benefit. Her family physician said she could not get well. Yet what seven doctors failed to do was perfectly and permanently accomplished by Dr. Pierce's Favorite Prescription. There is no experiment in the use of this medicine. It has cured thousands of women of the most distressing forms of womanly disease.

"I would have very hard headaches and blind spells."

WHAT CURED ME WHEN OTHERS FAILED.

"For ten years I suffered with female trouble, also catarrh of the stomach, liver and kidney troubles, and catarrh of the bladder," writes Mrs. Lottie M. Douglass, of Glenmore, Oneida Co., N.Y. "*I would have very hard headaches and blind spells:* stomach and bowels used to bloat a great deal, and I was troubled with bearing-down pains all the time. Tongue cannot tell how much I suffered from nervousness. *I used to think I should lose my mind, my head would feel so bad.* My heart was so bad that the least excitement, and even to turn over in bed, would cause palpitation. Had female weakness so bad for three years that I was in bed most of the time, in fact could scarcely be on my feet at all. I tried seven different doctors, but received no lasting benefit. I was entirely discouraged when I wrote to Dr. Pierce, stating my case. He advised me to try his remedies, and I did so. The first bottle I took helped me, and the bloat began to go out of my stomach. I continued the medicine until I had taken nine bottles of Dr. Pierce's Favorite Prescription and nine bottles of his 'Golden Medical Discovery' and six vials of his 'Pleasant Pellets.' I also followed special directions for home treatment (which he advised), and the result was wonderful. My bad feelings left me and I can work with comfort now. I give all the praise to Dr. Pierce and his remedies, for I believe they saved my life. Our family physician said I could not get well.

"You can publish this, for I am willing to let others know how much I suffered and what cured me when others failed."

"Favorite Prescription" makes weak women strong and sick women well. It establishes regularity, and dries the offensive drains which undermine the strength. It heals inflammation and ulceration and cures female weaknses. It positively cures the nervousness, sleeplessness, backache and similar ailments which are caused by disease of the womanly organs. It is the best preparative for maternity. It cures morning sickness, gives great physical vitality and vigor and makes the baby's advent practically painless. It contains no alcohol and is absolutely free from opium, cocaine and all other narcotics. It cannot disagree with the most delicate.

GRATEFUL BEYOND WORDS.

"Words cannot tell how grateful I am for your kind advice and good medicines," writes Mrs. John Cook, of Hastings, Northumberland Co., Ont. "I had been in poor health for four years back and this spring got so bad I could not do my work. I went to the doctor and he said I had ulceration and falling of the internal organs. I thought I would try your 'Favorite Prescription.' I took five bottles and three of the 'Golden Medical Discovery' and one vial of Dr. Pierce's Pellets, and I can safely say that I never felt better in my life."

No sick woman should accept her condition as incurable or beyond help until she has given Dr. Pierce's Favorite Prescription a fair and faithful trail. The wonderful curative power of this medicine has been best proven in the cures of long standing diseases which had failed to yield to the treatment of local physicians, and which in many cases, as in that of Mrs. Douglass, had been pronounced incurable.

Many women write to Dr. Pierce for his medical advice and the wise and fatherly counsel which are the outcome of more than thirty years of practice and success. Dr. Pierce gives to every sick woman the privilege of *free* consultation with him by letter. This offer is not to be confounded with those offers of free medical advice made by men or women who are not physicians and are not qualified legally or medically to give the advice they offer.

All correspondence is held as sacred, and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce in his daily personal consultation with sick women. Address Dr. Pierce, Buffalo, N.Y.

Do not accept a substitute for Dr. Pierce's Favorite Prescription. There is no motive for substitution except to enable the dealer to make the little more profit paid by the sale of less meritorious medicines.

21 PENNIES

is a small sum but it will bring you a big and valuable book. For 21 one-cent stamps to pay expense of mailing *only*, you will receive *free* on request a copy of Dr. Pierce's Common Sense Medical Adviser, in paper covers, containing over 1000 large pages and more than 700 illustrations. The book bound in cloth will be sent for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

TALKED ABOUT OUR FORESTS.

American Forestry Association Holds a Meeting in Denver.

DENVER, Colo., Aug. 28.—At today's session of the American Forestry Association a number of papers were read and discussed. "The Hydrography of Colorado" was the subject of a paper by A. L. Fellows of Denver. He said that the work of the division had demonstrated that the flow of the streams of the arid region taking the year through would furnish more than enough water for practical use.

A paper by F. H. Newell, Hydrographer of the Geological Survey, explained the benefits to the water supply of the forest reserves.

Professor R. H. Forbes, of Tucson, Arizona, read a paper on "The Open Range and the Irrigation Farmer," in which he related some of the bad effects upon the cattle and agricultural industries of overstocking the ranges and suggested remedial legislation.

A paper on "The Reclamation of the Arid Region," was read by R. L. Fulton of Reno, Nev.

S. J. Holsinger of Phoenix, Arizona, discussed the subject "The Boundary Line Between the Forest and the Desert."

The paper of Geo. H. Maxwell of Chicago was entitled "Irrigation and the Forests."

T. P. Lukens of Pasadena, Cal., read an interesting paper on "The Re-forestization of the Water Sheds."

"The Underflow of Water in Southern California," was the subject of a paper by Wm. H. Knight of Los Angeles This evening an illustrated lecture on "The Government and the Forest Reserves" will be given by Gifford Pinchol, Forester of the United States Department of Agriculture.

An Undertaking Which Is Deserving.
